

## UNIVERSAL INTERMODAL FUEL SURCHARGE AGREEMENT

In consideration of the provisions contained in this Agreement, the parties hereto establish the following fuel surcharge to apply in addition to normal rates for transportation services as addressed in either existing tariff or contract form. This new scale is being adapted effective November 1, 2021.

On all loads shipped on or after November 1, 2021, total linehaul charges as shown on the freight bill will be increased according to the schedule outlined below, with said surcharge amount shown as a separate line item on the freight invoice. The fuel price per gallon will be determined by the Department of Energy Diesel Fuel Hotline (202-586-6966) as reported weekly and related increases will be effective from Tuesday through the following Monday. Percentages are not cumulative.
