PART 1

Motor Carrier Service Terms and Conditions

**SCOPE AND APPLICATION OF PART 1
MOTOR CARRIER TERMS AND CONDITIONS**

Part 1 of the Terms and Conditions contain Universal’s rules, rates and charges applicable to Universal’s function as a motor carrier or freight forwarder (domestic) (as those terms are defined in 49 U.S. Code § 13102). In this Part, Universal as well as its applicable operating divisions, subsidiaries, agents, subcontractors, officers and assigns is referred to as (“CARRIER”). In this Part “PURCHASER OF CARRIER’S SERVICES” shall mean the individual and/or entity that contracts with CARRIER for motor-carrier services, or any other services agreed upon by CARRIER and said individual or entity, and/or which agrees to pay CARRIER for motor CARRIER services. In this Part, the term “Contract” refers to the terms included in only in this Part. A copy of this tariff is available to the PURCHASER OF CARRIER’S SERVICES upon request and is available on Universal’s website.

Pursuant to 49 U.S.C. § 14101(b), this tariff is a contract for specified services provided under specified rates and conditions. **The parties hereby expressly waive any and all conflicting rights and remedies under the Interstate Commerce Commission Termination Act and Interstate Commerce Act (the “Acts”) as amended, and regulations promulgated thereunder, including Part B of Subtitle IV Interstate Transportation, 49 U.S.C. § 13101, et seq. including application of 49 U.S.C. § 14706.** Neither CARRIER nor PURCHASER OF CARRIER’S SERVICES shall challenge any provision of this Contract on the ground that any such provision or provisions violates the waived rights and remedies under the Acts.

PURCHASER OF CARRIER’S SERVICES expressly acknowledges and agree that the rights and liabilities of the parties are to be determined exclusively pursuant to the terms and conditions of this Contract. Liability and damages with respect to any claims for freight loss or damage shall be determined exclusively pursuant to the terms and conditions of this Contract. Consistent with this provision, PURCHASER OF CARRIER’S SERVICES hereby knowingly and voluntarily waives any and all claims for common law and/or equitable indemnification that it has or may have under state, federal or international law arising from or related to any freight loss, damage or delay claims against CARRIER.

By placing freight with us for transportation, PURCHASER OF CARRIER’S SERVICES agrees to abide by and be bound by the terms set forth in this Contract, and represent and warrant that PURCHASER OF CARRIER’S SERVICES has fully read the terms and conditions contained herein.

This Contract is intended for the sole benefit of CARRIER and the PURCHASER OF CARRIER’S SERVICES. Nothing contained in this Contract is intended or may be construed to give any person, firm, corporation or other entity, other than the signatories hereto, or their permitted successors or assigns, any legal or equitable right, remedy or claim under this Contract. CARRIER shall have no liability to any person or entity that is not a party to this Contract. PURCHASER OF CARRIER’S SERVICES warrants it has authority to enter into this Contract and agrees to be bound by the terms of this Contract. The PURCHASER OF CARRIER’S SERVICES is responsible for ensuring that all such parties including the beneficial owner of the freight and shipper or consignee are given notice of this Contract.

NOW, THEREFORE, in consideration of the premises and the mutual agreements herein contained, the parties hereto agree as follows:

- B. Additional Liability Assumption

- C. Damage to Premises or Property other than Goods
 - 1. Because third party contractors or others are frequently present at the time of delivery it is not always possible to establish who was responsible for loss or damage. Therefore CARRIER's liability is limited as follows:
 - 2. For loss or damage to premises or property other than goods for transportation as a result of CARRIER negligence or breach of contract, CARRIER's liability shall be limited to repairing, to a reasonable standard, the damaged area only;

 - 4. Where CARRIER causes damage to premises or to property other than freight, the consignor must note this on the delivery receipt at the time of delivery, or, in the case of damage that is not readily observable, within five business days of discovery. Failure to do so will result in the denial of any resulting claim for loss or damage and waiver of this claim. In the absence of CARRIER's prior written agreement to accept liability in a higher amount, CARRIER liability for causing damage to premises or property shall be limited to an aggregate maximum of \$5,000.

1130. ARRIVAL NOTICE

- A. Actual tender of delivery at the consignee's location constitutes the notice of the arrival of a shipment.
- B. The notice will be given by telephone, mail or computer. The notice, however transmitted, will specify the point of origin, the consignor, the commodity and weight of the shipment.
- C. Unless otherwise agreed to in writing by an authorized officer of CARRIER (which shall not include any driver transporting freight for CARRIER), CARRIER does not agree to complete delivery to any named consignee by any specific timetable. Transportation and delivery by CARRIER will be performed with reasonable dispatch as conditions and circumstances allow.

1140. BILL OF LADING

- A. All shipments handled by CARRIER are governed by the Uniform Straight Bill of Lading Terms and Conditions shown in the National Motor Freight Classifications, except as modified by the rules, regulations and charges published in this Contract. No deviation from these standard terms and conditions will be applicable in connection with shipments handled by CARRIER except upon written agreement signed by an officer of CARRIER. Terms and conditions of preprinted bills of lading tendered to CARRIER by either the PURCHASER OF CARRIER'S services or other third party at the time of shipment and signed by CARRIER'S driver or dock worker will not apply except upon written agreement of an officer of CARRIER. CARRIER will accept all bills of lading so tendered by the PURCHASER OF CARRIER'S SERVICES at the time of shipment subject to the terms and conditions shown herein and as modified in this Contract.
- B. Driver signature on the bill of lading acknowledges receipt of freight only.
- C. CARRIER no longer accepts Section 7 provisions under any circumstances. Carrier bill of lading does not contain "Section 7" language and does not allow "Section 7" (non-recourse) election by shipper. If shipper uses a bill of lading other than Carrier's Bill of Lading and signs Section 7, the signature will be invalid.

1150. CAPACITY LOADS

- A. A separate Bill of Lading and Shipping Order must be used for each shipment and in no case may a single truckload shipment exceed the carrying capacity of the vehicle.
- B. Each and every standard truck bearing a capacity load of freight will be assessed freight charges based on the actual weight or the applicable truckload minimum weight, but not less than 40,000 pounds, whichever is greater and at the applicable truckload rate.
- C. The term “Capacity Load” of freight shall be considered to mean:
 - a. The quantity of freight which, in the manner loaded, so fills a standard vehicle that no additional articles in shipping form tendered can be loaded in or on the vehicle; or
 - b. The quantity of freight which because of unusual shape or dimensions or because of necessity for segregation or separation from other freight requires the entire capacity of standard vehicle; or
 - c. That quantity of freight that can be legally loaded in or on a vehicle because of the weight or size limitations of state or regulatory bodies.

1160. CAPACITY SURGE

- A. An additional capacity charge will apply when:
 - a. Shipper exceeds its average daily volume (ADV/AWV), plus 10%, and
 - b. CARRIER is over sold in the area of load origin and has no additional capacity available.

1170. CLAIMS-FREIGHT LOSS AND DAMAGE

- A. Subject to the provisions of this Contract, CARRIER shall be liable only to PURCHASER OF CARRIER’S SERVICES for loss or damage to freight occurring while in transit. CARRIER’s liability to PURCHASER OF CARRIER’S SERVICES’s shall be limited to the actual value of freight lost or damaged by the negligent or willful conduct of CARRIER. For purposes of this Contract, “actual value” shall be construed to mean the manufacturing cost of the lost or damaged freight, or \$.60 a pound, whichever is less. While CARRIER is performing contract carriage under 49 U.S.C. 14101(b), CARRIER shall be entitled to raise all defenses that would otherwise exist under Carmack Amendment to the Interstate Commerce Act, 49 U.S.C. 14706, including preemption of state-law claims. And CARRIER shall not be liable for any loss, damage, injury to, or delay of a shipment caused by an Act of God, the public enemy, the authority of law, the inherent vice of the goods, or the act or default of the shipper, the acts or omissions of any other party or their agents; failure to comply with CARRIER’S loading instructions; illegal acts; weather conditions; riots; labor strikes; public unrest; or when the freight is not in CARRIER’S exclusive possession.
- B. As a condition precedent for filing suit and any recovery, claims for freight loss, damage, or delay must be filed in writing by the PURCHASER OF CARRIER’S SERVICES with the CARRIER within nine months of the date of delivery, or date of scheduled delivery, whichever date is earlier. Claims must conform to the requirements of 49 CFR 370.3, and must identify the shipment involved, assert liability for a specified amount of money, and be supported by copies of the bill of lading and delivery receipt. The time limit within which PURCHASER OF CARRIER’S SERVICES must institute suit against CARRIER to recover on a claim filed pursuant to this Section shall be two years and a day from the date PURCHASER OF CARRIER’S SERVICES receives a written disallowance of such claim from CARRIER.
- C. Claims for concealed freight loss or damage, including freight transported in sealed containers and/or involving a claim for seal tampering, must be reported to the CARRIER within 48 hours after delivery, and CARRIER must have an opportunity to inspect such shipments within 48 hours after receiving such a request.
- D. CARRIER has extended to the Purchaser of its services a discounted freight rate in exchange for the Purchaser of its services agreeing to limit CARRIER’S liability for freight loss, damage or delay to no more than \$100,000 per shipment, regardless of the quantity or quality of freight. As set forth in the subsequent paragraph, PURCHASER OF CARRIER’S SERVICES acknowledges that greater “actual loss” coverage commensurate with 49 U.S.C. section 14706 at a higher level of freight rate is available from CARRIER upon request and upon compliance with all requirements of Section 1170(E). PURCHASER OF CARRIER’S SERVICES represents and warrants to CARRIER, as a material term of this Contract, that PURCHASER OF CARRIER’S SERVICES has the requisite authority from all persons or companies tendering freight on PURCHASER OF CARRIER’S SERVICES’s behalf under the terms of this Contract to agree to the terms of this

- limitation and that PURCHASER OF CARRIER'S SERVICES has provided these persons and companies with notice of this limitation and the opportunity to ship freight under alternative liability terms.
- E. CARRIER offers to PURCHASER OF CARRIER'S SERVICES the right and ability to hold CARRIER liable under 49 U.S.C 14706 for the full value of any and all freight hauled by CARRIER, in exchange for a higher freight rate, subject to the following conditions:
- (i) At least 7 business days prior to the releasing the freight for transportation, the PURCHASER OF CARRIER'S services must request in writing via directed to an authorized officer of CARRIER (which shall not include any driver transporting freight for CARRIER) requesting that CARRIER transport specifically identified freight subject to full liability for the value of the freight. At least three business days prior to the shipment, CARRIER will provide the Purchaser of its services with a freight rate for the transportation of the identified and valued freight; and
 - (ii) At least 2 business days prior to releasing the freight, the PURCHASER OF CARRIER'S services must acknowledge and accept in a writing directed to an authorized officer of CARRIER (which shall not include any driver transporting freight for CARRIER) the freight rate offered by CARRIER pursuant to paragraph (i); and
 - (iii) The PURCHASER OF CARRIER'S services must place the following notation on the bill of lading: "This shipment subject to full liability under 49 U.S.C. 14706."
 - (iv) In addition to the foregoing requirements, if the PURCHASER OF CARRIER'S SERVICES desires to tender a shipment requiring CARRIER liability in excess of \$100,000.00, the PURCHASER OF CARRIER'S SERVICES must indicate in writing on the bill of lading at the time of shipment the total dollar amount of excess coverage requested. The maximum excess liability is \$900,000 per shipment, for a total of \$1,000,000.00.
 - (v) CARRIER will assess an additional charge of \$150.00 for every \$100,000.00 in value up to a maximum of \$900,000.00 in additional coverage. Minimum charge of \$150.00. Such charge is in addition to the freight charges otherwise accruing to the shipment.
 - (vi) Failure to comply with all the above stated conditions will be deemed a waiver of any request for CARRIER'S full liability.
- F. **CARRIER SHALL NOT UNDER ANY CIRCUMSTANCES BE LIABLE FOR SPECIAL, CONSEQUENTIAL, PUNITIVE, OR INDIRECT DAMAGES OF ANY KIND ARISING FROM FREIGHT LOSS, DAMAGE OR DELAY, REGARDLESS OF NOTICE.**
- G. PURCHASER OF CARRIER'S SERVICES shall not dispose of, and shall not permit the disposal of, any damaged product without the prior written consent of CARRIER. CARRIER and PURCHASER OF CARRIER'S SERVICES may jointly determine whether the goods may be salvaged, and if salvageable, the value of such salvage. While awaiting inspection by CARRIER, the PURCHASER OF CARRIER'S SERVICES shall hold the packaging of the freight and its contents in the same condition they were in when damage was discovered. In the event CARRIER decides that salvage will be neither sought nor allowed, then such goods shall be destroyed and PURCHASER OF CARRIER'S SERVICES will provide, upon request, a certificate or statement confirming the destruction of such goods. Any salvage receipts shall be credited against PURCHASER OF CARRIER'S SERVICES claim, in partial satisfaction of its claim against CARRIER.
- H. If CARRIER receives a full truckload shipment that has been loaded, counted and properly sealed by the shipper, CARRIER will not be held responsible for shortages if: (1) CARRIER's driver indicates on the bill of lading the shipment is "SL&C", (2) the shipper's seal number(s) are noted on the bill of lading, (3) the trailer is delivered with original seal(s) intact.
- I. If CARRIER is the prevailing party on a cargo claim under this Section, in a court of law or arbitration proceeding, CARRIER shall be entitled to recover all of its expenses incurred in collecting its claim, including reasonable attorneys' fees, costs and interest from the date of delivery or scheduled delivery of the shipment. Notwithstanding the foregoing, if applicable state law imposes an obligation of mutuality, each party shall bear its own attorneys' fees and costs.
- J. PURCHASER OF CARRIER'S SERVICES agrees that it, and any other person or entity tendering freight to CARRIER on PURCHASER OF CARRIER'S SERVICES's behalf, are expressly prohibited from withholding payment of charges due to CARRIER and/or engaging in self-help in any kind. This shall expressly include, without limitation, attempts to offset, recoup, or otherwise

elect not to pay charges due and owing to CARRIER. Should PURCHASER OF CARRIER'S SERVICES, or any other person or entity tendering freight to CARRIER on PURCHASER OF CARRIER'S SERVICES's behalf nonetheless withhold payment or engage in self-help of any kind, CARRIER shall be entitled to indemnification from PURCHASER OF CARRIER'S SERVICES of all costs, fees (including attorneys' and expert-witness fees), expenses, and disbursements of any kind that are incurred due by CARRIER in any way related to the withholding of payment and/or self-help. CARRIER shall also be entitled to receive interest on the withheld amount, beginning on the original due date and continuing until full payment of all principal, fees, and costs, at a rate of 25% per annum (compounded annually), or the maximum interest rate authorized by applicable law, whichever is less and a late fee of 25% of the principal amount due. Cargo claims will be denied if freight charges for subject shipment are not paid or claimant account receivables are not current.

- K. In addition to the terms of the above Item 1170(E), CARRIER'S liability for loss or damage to any commodities for which the freight charges are determined by NMFC Class or Class Exception Ratings including FAK (Freight All Kinds) ratings is limited to the lesser of:
 - (i) Invoice value of the commodities damaged or lost;
 - (ii) Limited liability provisions of the bill of lading (CARRIER's standard liability limits); or
 - (iii) Applicable limited liability provisions/released value provisions of the NMFC subject to the maximums by NMFC Class or Class Exception Rating as shown above in this Item, unless a higher value is declared on the original bill of lading and additional charges are paid pursuant to provisions contained in this Contract.
- L. CARRIER reserves the right to not assume higher liability limits than its standard limits.
- M. In addition to the above limits, CARRIER's entire liability for damages and shortages in any way related to movement of freight shall not exceed the greater of the shipping charges for the shipments involved or ten (10) percent of the debtor's total freight charges for the immediately preceding twelve (12) months.

1180. COLLECT ON DELIVERY (C.O.D.) SHIPMENTS

When the Bill of Lading and/or Shipping Order identifies a party other than the PURCHASER OF CARRIER'S SERVICES as being responsible for paying the freight charges, such party's name and address must be clearly shown in the body of the Bill of Lading and/or Shipping Order at the time of original tender, except for banks or freight payment auditors.
- B. Shipper guarantees to pay all lawfully accrued charges if the third party fails to do so within 30 days of invoicing.
- C. The non-recourse provisions of Section 7 of the Bill of Lading contract will be null and void on shipments tendered under the provisions of this item and/or Contract.

1200. CONSENT TO JURISDICTION

This Contract shall be governed by, and construed and enforced in accordance with, the laws of the State of Michigan without regard to its provisions concerning conflicts or choice of law to the extent Michigan law does not conflict with applicable federal or state regulatory laws governing CARRIER. Furthermore, the PURCHASER OF CARRIER'S SERVICES and CARRIER desire that the provisions of this Contract shall have precedence over any conflicting federal or state provisions governing or dealing with the specific provisions of this Contract. PURCHASER OF CARRIER'S SERVICES and CARRIER agree that, pursuant to 49 U.S.C. § 14101(b)(1), they expressly waive any and all rights and remedies under the Acts that are inconsistent with the express provisions of this Contract. PURCHASER OF CARRIER'S SERVICES shall not challenge any provision of this Contract on the ground that any such provision or provisions violate the waived rights and remedies under the Acts. English shall be the governing language of this Contract.

- A. Unless otherwise provided, shipments will be accepted subject to the following provisions:
 - (1) A “PREPAID SHIPMENT” is one on which the charges for transportation service rendered at the request of the consignor, including charges for any accessorial services performed at the

request of the consignor are to be paid by the consignor. Notwithstanding the consignor's primary payment responsibility, both consignor and the consignee are liable for payment of the CARRIER'S freight charges considering that the PURCHASER OF CARRIER'S SERVICES, consignor, and the consignee receive the benefit of the CARRIER'S services. Thus, if the consignor does not pay the charges within the CARRIER'S payment terms, for any reason, including insolvency, the charges may be reversed to PURCHASER OF CARRIER'S SERVICES and/or the consignee and become the PURCHASER OF CARRIER'S SERVICES and the consignee's responsibility for payment.

- (2) A "COLLECT SHIPMENT" is one in which the charges for transportation services, including accessorial services, are rendered at the request of the consignee or requested by the consignor for the consignee, are to be paid by the consignee. Notwithstanding the consignee's primary payment responsibility, the PURCHASER OF CARRIER'S SERVICES, consignor, and the consignee are liable for payment of the CARRIER'S freight charges considering that the PURCHASER OF CARRIER'S SERVICES, the consignor, and the consignee received the benefit of the CARRIER'S services. Notwithstanding a third party's primary payment responsibility, both consignor and the consignee remain liable for payment of the CARRIER'S freight charges considering that all parties receive the benefit of the CARRIER'S services. Thus, if the third party does not pay the charges within the CARRIER'S payment terms for any reason, including insolvency, the charges may be reversed to the PURCHASER OF CARRIER'S SERVICES, the consignor, or the consignee or all three if any fail to pay. It is a recognized risk to consignors and the consignee dealing with third parties that should the third party fail to pay a valid freight bill, the PURCHASER OF CARRIER'S SERVICES, the consignors, and the consignees remain liable for payment to the CARRIER. This is the case even if the consignor or the PURCHASER OF CARRIER'S SERVICES has already forwarded payment to the third party and the third party fails to pay the CARRIER.
- (4) If the PURCHASER OF CARRIER'S SERVICES is a third party freight broker or any form of third party logistics provider, by placing freight with CARRIER, PURCHASER OF CARRIER'S SERVICES acknowledges CARRIER'S right to pursue unpaid freight charges from the consignor or consignee should the PURCHASER OF CARRIER'S SERVICES not make payment within 30 days. This term supersedes and takes priority over any separate contract with the CARRIER and any terms or rules promulgated by the broker or third party logistics provider.
- (5) If, in the judgment of the CARRIER picking up a shipment at origin, the forced sale of the goods would not realize the total charges due at destination, the shipment must be prepaid.
- (6) If a shipment is required to be prepaid, it will be accepted on a collect basis if the consignor has established credit with the CARRIER picking up the shipment at origin and the consignor guarantees to pay the charges if the PURCHASER OF CARRIER'S SERVICES fail to do so within the time allowed under the credit policy. Such a shipment will not be accepted as a collect shipment if the consignor executes Section 7 of the Bill of Lading.
- (7) CARRIER shall have 3 years from the date of shipment to file a claim with the consignor, consignee, and/or PURCHASER OF CARRIER'S SERVICES for undercharges or other charges in addition to its original freight charges. The consignor, consignee, and/or PURCHASER OF CARRIER'S SERVICES shall have 30 days from the date the original freight bill and all supporting documentation was received to file a claim with CARRIER for overcharges, except that claims resulting from duplicate payments may be filed by PURCHASER OF CARRIER'S SERVICES at any time. All overcharges, unidentified and duplicate payment claims shall be processed by CARRIER in accordance with 49 CFR Part

The consignor, consignee, and/or PURCHASER OF CARRIER'S SERVICES must bring a civil action to recover overcharges from CARRIER within eighteen (18) months from the date such entity receives written notification of its claim for overcharges.  - A. Domestic USA Air and Ground shipments: \$.50 per pound or \$50.00 whichever is less, not to exceed the actual shipment value, or
 - B. International air shipments: 19 Special Drawing Rights ("SDR") per kilogram of that part of the cargo adversely affected thereby, unless at the time of shipment the Shipper makes a declaration of value in writing to ULSII in accordance with Rule 3290 and pays the appropriate valuation charge,

- which ULSII will provide in writing. ULSIIs' liability shall not exceed such higher declared value. Current change rates may be found online at the homepage of the International Monetary Fund (<http://www.imf.org>). Declared value is subject to maximum allowable limits and applicable local law restrictions. For shipments with an origin or destination outside the United States, Canada, Mexico, or Puerto Rico, Higher valuation is available (see Item 3290 below). If the Shipper does not receive a valuation charge from ULSII prior to shipping the freight, the Shipper agrees that ULSII has accepted the shipment according to a limitation of liability equal to 19 SDR's per kilogram.

 - E. All limitations of liability shall be calculated using actual weight of the shipment. ULSII's liability shall at no time exceed the actual value of the goods lost or damaged, and it is the Shipper's responsibility to prove actual damages. The limitations of liability contained in these Terms apply to all services, and limit ULSII's liability for damages, including, but not limited to, damages arising from or related to loss of, or damage to cargo, misdelivery, incomplete or otherwise inadequate delivery (including, but not limited to, failure to follow Shipper or consignee instructions, or failure to collect or properly deliver a payment instrument), non-delivery, or missed pickup.
 - F. No employee, agent, subcontractor, or representative of ULSII, other than an officer of ULSII may waive or alter any of the limitations set forth in these Terms and any such waiver or alteration shall be in writing and signed by an officer of ULSII.

3290. DECLARED VALUE FOR CARRIAGE OR INSURANCE

- 1. Declared Value; Declared Value Charges
 - A. The Shipper acknowledges that it has been given the opportunity to declare a value in excess of the applicable liability limits where permitted by applicable law. When a declaration of value for carriage is made, the value per pound or per kilogram for calculating declared value liability shall be determined by dividing the Shipper's declared value for carriage by the actual weight of the shipment. Liability shall in no event exceed the lesser of the declared value of the shipment or the actual amount of loss or damage to that part of the shipment adversely affected. For shipments with an origin or destination outside the United States, Canada, Mexico, or Puerto Rico, Cargo Insurance is available.
 - B. When the declared value exceeds the greater of the amounts shown in the applicable Addendum, an additional amount will be charged for each \$100 (or fraction thereof) of additional declared value as follows: (i) For shipments transported between and within the U.S., Canada, Mexico and Puerto Rico, charges are as listed in the applicable Addendum.

 - A. ULSII shall have no liability for loss or damage of commodities deemed "unacceptable for transportation".
 - B. The maximum declared value for any shipment containing glass is \$50.00, and ULSII's liability for damage to shipments containing glass shall be limited to \$50.00. Notify ULSII as soon as possible – not later than 30 days of any errors or omissions to allow time to submit corrections and update importer data.

3450. ADDITIONAL TERMS APPLICABLE TO INTERMODAL MOVEMENTS

The following are additional liability terms governing Intermodal transportation on ULSII or transportation provided by ULSII as part of a continuous Intermodal movement. The shipper or consignee must arrange for the transportation of equipment before and/or after transportation by ULSII, and ULSII is not a party to or liable for any portion of such arrangements. Any specific provisions pertaining to intermodal freight shall take precedence over general provisions in this Tariff, unless otherwise stated. For additional intermodal terms, please reference Part 5 of this Tariff.

1. For any shipments involving motor carriage within the United States of America where the Interstate Commerce Act (including the Carmack Amendment, 49 U.S.C. § 14706), Interstate Commerce Commission Termination Act, or any related statutes would otherwise be applicable, the terms of this Tariff shall continue to be construed as a contract for specified services provided under specified rates and conditions pursuant to 49 U.S.C. § 14101(b). The parties hereby expressly waive any and all rights and remedies under the Interstate Commerce Commission Termination Act and Interstate Commerce Act (the “Acts”) as amended, and regulations promulgated thereunder, including Part B of Subtitle IV Interstate Transportation, 49 U.S.C. § 13101, et seq. including application of 49 U.S.C. § 14706. No Party shall challenge any provision of this Contract on the ground that any such provision or provisions violates the waived rights and remedies under the Acts.
 - A. Except where prohibited by applicable law, the rights and liabilities of the parties are to be determined exclusively pursuant to the terms and conditions of this Contract. Liability and damages with respect to any claims for freight loss or damage shall be determined exclusively pursuant to the terms and conditions of this Contract.
 - B. Except where there is a statute of compulsory applicability, with terms that cannot be modified by private contract, the sole remedy against ULSII available for any loss or damage to cargo shall be a claim for breach of this contract. Shipper (and all parties tendering freight through Shipper) expressly waives and releases any other claims it has or may have against ULSII arising from or related to any intermodal transportation of cargo, specifically including but not limited to, any claim for freight loss or damage.
2. For Shipments Involving Ocean Carriage to or from the United States of America
 - A. For shipments to or from the United States involving ocean carriage, ULSII’s liability shall not exceed USD \$500 per package or customary freight unit, or any lesser limitation afforded herein, as set forth in the Carriage of Goods by Sea Act (“COGSA”). The term package shall mean a class of cargo, irrespective of size, shape, or weight, to which some packaging preparation for transportation has been made which facilitates handling, but which does not necessarily conceal or completely enclose the goods.

- B. Shipper hereby acknowledges and agrees (on behalf of itself and all those tendering cargo via Shipper) that the liability terms of COGSA, and specifically the per package limitation of liability, shall extend to all times in which your consignment is in ULSII's possession (including our employees, agents, subcontractors, draymen, and subcarriers involved in the transportation of your goods), and during all transit within the United States of America, including all transport occurring prior to loading onto a vessel and/or all transport occurring after unloading from the vessel;
 - C. ULSII has no knowledge of the value of the cargo, and higher compensation than that provided for by COGSA may be claimed only when, with ULSII's consent: (i) for multimodal shipments to or from the United States of America, SHIPPER performs all requirements for higher liability, as set forth in Items 3280 and 3290 (above); and (ii) in all other cases, the Shipper declares the value of the cargo on the face of ULSII's bill of lading and pay an extra freight charge agreed upon by ULSII. In that case, the amount of the declared value shall be substituted for the limits laid in this bill of lading. Any partial loss or damage shall be adjusted pro rata on the basis of such declared value.
 - D. However, for avoidance of doubt, nothing in the bill of lading document shall operate to limit or deprive ULSII of any statutory protection, defense, exception or limitation of liability authorized by any applicable laws, statutes or regulations of any country, which are hereby incorporated into the terms and conditions of this Tariff. ULSII shall have the benefit of the said laws, statutes or regulations as would the owner of any carrying vessel.
3. For Shipments Involving Air Carriage to or from the United States of America: ULSII's liability shall be unchanged from the terms set forth in Rules 3280 and 3290 (above), except that any loss or damage occurring during motor carriage shall be *exclusively* governed by 49 U.S.C. § 14101(b) and private contract.
4. Additional Terms:
- A. For avoidance of doubt, all terms appearing in this Tariff shall remain applicable to intermodal traffic, and shall continue to govern ULSII's rights and responsibilities except as specifically set forth herein.
 - B. These limitations of liability shall extend and apply to any of ULSII's employees, agents, subcontractors, and subcarriers involved in the intermodal transportation of goods.
 - C. All lawsuits for cargo loss, damage, or delay must be filed within the minimum time period permitted by any statute or treaty of compulsory applicability, or in the absence of any such time period, 1 year from the actual delivery date or the expected date of delivery.
 - D. If intermodal cargo is moved under the terms of a through bill of lading issued by another carrier, such as an air or ocean carrier that has limited liability terms (including but not limited to a maximum value per pound or package limitation), ULSII's released-value liability shall be no greater than the limitation of liability applicable to that bill of lading.
 - E. In the event of an unlocated loss (where the cause cannot be determined by normal inspection), ULSII shall have no greater liability for cargo loss or damages than any other participating carrier unless ULSII been found to be the sole proximate cause of the loss alleged.
 - F. For avoidance of doubt, unless comparative fault is not permitted by applicable statute or treaty, ULSII shall not be liable for any loss and damage to cargo and/or equipment, injury or death to any person, or loss and damage to property that is greater than the percentage of ULSII's causal negligence in the event the loss of damage resulting from the concurrent negligence of ULSII and any other participating in the intermodal movement including, but not limited to the Shipper, the consignee, and third party involved in the movement (including any NVOCC, broker, or forwarder), and their respective employees, servants, contractors, invitees, directors, officers, or agents; or the negligence of any other carrier participating in the shipment.

3460. RATE CONFIRMATION

When an individual shipment is tendered on a rate confirmation, the individual shipment shall be subject to the rate or charge contained on the rate confirmation sheet and will prevail over all conflicting rates and/or charges published in any other applicable contract or pricing schedule/tariff.

If the rate confirmation is prepared by Shipper, or a third party acting on behalf of Shipper, CARRIER'S signature on the rate confirmation only evidences CARRIER'S acknowledgement and agreement to the transportation rates and charges thereon and does not constitute approval of any other

provisions set forth on the rate confirmation sheet. Such other changes can only be approved in writing signed by an officer of the CARRIER.

RULE 1-B. INTERMODAL SERVICE

Intermodal through rates applies between points in the U.S. and worldwide destinations.

RULE 2. NOTICE TO TARIFF USERS

Carrier has opted to be exempt from tariff publication requirements pursuant to 46 CFR §§520, 531 and 532. In that respect Carrier has opted for use of Negotiated Rate Arrangements (“NRAs”) and may also opt to utilize NVOCC Service Arrangement (“NSAs”). NRA means the written and binding arrangement between an NRA shipper or consignee and an eligible NVOCC to provide specific transportation service for a stated cargo quantity, from origin to destination on and after receipt of the cargo by the NVOCC or its agent or the originating carrier in the case of through transportation. The shipper is considered to have agreed to the terms of the NRA if the shipper: (1) provides the NVOCC with a written acceptance of the NRA; (2) sends the NVOCC a written communication, including an e-mail, indicating acceptance of the NRA terms; or (3) books a shipment after receiving the NRA terms from the NVOCC, if the NVOCC incorporates in the NRA quoted terms the following text in bold font and all uppercase letters: **“THE SHIPPER’S BOOKING OF CARGO AFTER RECEIVING THE TERMS OF THIS NRA OR NRA AMENDMENT CONSTITUTES ACCEPTANCE OF THE RATES AND TERMS OF THIS NRA OR NRA AMENDMENT.”** The effective date of the NRA shall be the date of Carrier’s receipt of Shipper’s and/or Consignee’s acceptance herein. All applicable origin, destination local terminal

and/or port charges shall apply to all NRAs and should be considered as a pass-through. Rates may not be modified in an NRA after the time the shipment is received by the Carrier or its agent (including originating carriers in the case of through transportation). NRAs can otherwise be amended by the parties in writing or by acceptance of the quoted NRA amendment by booking the cargo.

RULE 2A. APPLICATION OF NRAS AND CHARGES

- A. NRAs are stated in terms of U.S. Currency and or local currencies, and apply per 1 Cubic Meter (M) or 1,000 Kilos (W), as indicated, whichever basis yields the greater revenue, except as otherwise specified. Where the word "Weight" or the letter "W" appears next to an article or commodity, weight rates are applicable without regard to measurement. Where the word "Measurement" or the letter "M" appears next to an article or commodity, measurement rates are applicable without regard to weight. NRAs and other charges shall be based on the actual gross weight and/or overall measurement of each piece or package, except as otherwise provided. NRAs indicated by W/M or WM are optional weight or measurement rates and the rate yielding the greater revenue will be charged.
- B. Except as otherwise provided, all "Port" (i.e., Port-to-Port) rules published herein apply from/to places where the common carrier originates or terminates its actual ocean carriage of cargo. Tolls, Wharfage, Cost of Landing, and all other expenses beyond the port terminal area are for account of Owner, Shipper or Consignee of the cargo and all such expenses levied in the first instance against the Carrier will be billed in an equal amount to the Owner, Shipper, or Consignee of the Cargo. NRAs are applicable from Inland Points which lie beyond port terminal areas. Such NRAs shall be inclusive of all charges pertinent to the transportation of cargo and not including Customs clearance assessments or Forwarding Charges, except as provided in each individual NRA. Alternatively, at shipper's or consignee's request, carrier will arrange for inland transportation as shipper's or consignee's agent. All associated costs will be for the account of the cargo. Overland carriers will be utilized on an availability of service basis and not restricted to any preferred Carriers, except as Ocean Carrier deems necessary to guarantee safe and efficient movement of said cargo. Carrier shall not be obligated to transport the goods in any particular type of container or by any particular Vessel, Train, Motor, Barge or Air Carrier, or in time for any particular market or otherwise than with reasonable dispatch. Selection of Water Carriers, Railways, Motor, Barge or Air Carrier used for all or any portion of the transportation of the goods shall be within the sole discretion of the Ocean Carrier.
- C. Additional Charges which may be imposed upon the cargo by Governmental Authorities will be for the account of the cargo.
- D. NRAs do not include Marine Insurance or Consular fees.
- E. Description of commodities shall be uniform on all copies of the Bill of Lading and MUST be in conformity with the validated United States Export Declaration covering the shipment. Carrier must verify the Bill of Lading description with the validated United States Export Declaration. Shipper amendments in the description of the goods will only be accepted if validated by United States Customs. Trade names are not acceptable commodity descriptions and shippers are required to declare their commodity by its generally accepted generic or common name.
- F. Unless otherwise specified, when NRAs are based on the value of the commodity, such commodity value will be the F.O.B. or F.A.S. value at the port of loading as indicated on the Commercial Invoice, the Custom Entry, the Import/Export Declaration or the Shipper's Certificate of Origin. The F.O.B. value and the F.A.S. value include all expenses up to delivery at the Loading Port.
- G. The NRA shown except where predicated on specifically lower values or on an ad valorem basis, are subject to Bill of Lading limit of value.
- H. Except as otherwise provided, NRAs apply only to the specific commodity named and cannot be applied to analogous articles.
- I. Wherever NRAs are provided for articles named, the same NRA will also be applicable on parts of such articles where so described in the ocean bill of lading, except where specific NRA are provided for such parts.
- J. FORCE MAJEURE CLAUSE: "Without prejudice to any rights or privileges of the Carrier's under covering Bills of Lading, dock receipts, or booking contracts or under applicable provisions of law, in the event of war, hostilities, warlike operations, embargoes, blockades, port congestion, strikes or labor disturbances, regulations of any governmental authority pertaining thereto or any other official interferences with commercial intercourse arising from the above conditions and affecting the Carrier's operations, the Carrier reserves the right to cancel any outstanding booking or contract in conformity with Federal Maritime Commission Regulations."

K. Any Tollage, Wharfage, Handling and/or other charges assessed against the cargo at Ports of Loading/Discharge will be for the account of the cargo. Any Tollage, Wharfage, Handling and/or Charges at Port of Loading in connection with storage, handling and receipt of cargo before loading on the vessel shall be for the account of the cargo..

Except as otherwise provided herein, articles tendered for transportation will be refused for shipment unless in such condition and so prepared for shipment as to render transportation reasonably safe and practicable. - B. Packages must be marked durably and legibly and must show the port of destination. All packages must be numbered, which number together with marks and destination must appear on the shipping receipts and Bill of Lading.
- C. Gross weight in pounds, and/or Kos, and initials of port must be clearly and legibly shown on packages, and on original and copies of dock receipts tendered at time of delivery.
- D. **Each package, bundle or piece of freight must be plainly marked with the full or initials of consignee, and the destination must be shown in full to insure proper delivery. If necessary, corrections must be made by the shipper or his representative.**

RULE 2-015. REROUTING OF VESSELS AND OTHER CHARGES RELATED TO RED SEA ACTIVITIES AND ACTIVITIES AT CANALS & WATERWAYS

- A. Merchant acknowledges that for certain transport the underlying vessel will generally travel through certain waterways, including the Red Sea Region, the Panama Canal, and the Suez Canal, where the underlying ocean common carrier has deemed the most convenient route to the discharge port. Merchant acknowledges that there are current risks that any such Waterway may be blocked, closed, attacked by hostile forces or that the vessel may otherwise encounter significant delays and may opt to circumvent the Waterway. The underlying carrier may opt to exercise the following at its discretion: (1) the vessel may wait at the Waterway, and/or (2) may opt to pay additional fees in order to access the Waterway sooner; and/or (3) the vessel may sail such alternative route as the vessel operation common carrier deems suitable, including routes via the Cape of Good Hope at the southern tip of Africa vice traversing the Red Sea, and/or (3) the vessel operator may discharge the cargo at a close or convenient port with all of the Carrier's obligations under this contract being considered fulfilled. The Merchant shall be liable to pay the Carrier for the vessel operator's assessment of vessel detention at a daily detention rate on a pro rata basis with other cargo on the vessel for any time waiting exceeding certain specified time period and for the costs for consequent increase in time for sailing an alternative route plus any additional costs of all kinds, including, but not limited to bunkers resulting from such deviations and or alternate services, and to the consequences of force majeure which the underlying ocean common carrier may deem necessary to enforce as a result of the activities noted herein.
- B. To the extent that any cargo is damaged pursuant to decisions taken or not taken by the underlying carrier which results in damages to the cargo from third party activities relevant to the waterway or other actions chosen by the underlying ocean carrier shall be allocated to the Merchant and/or cargo interest to the extent that such damage does not result directly from the gross negligence of Carrier.

RULE 2-020. DIVERSION BY CARRIER

When the Ocean Carrier discharges cargo at a terminal port other than the port named in the ocean bill of lading, the ocean carrier may arrange, at its option, for movement via rail, truck or water, of the shipment from the port of actual discharge only as indicated hereunder:

- A. To ocean carrier's terminal (motor, rail or water), at port of destination declared on the bill of lading at the expense of the ocean carrier. Carrier may, at their convenience, deliver cargo to ports en-route between Carrier discharging terminal and carrier's delivery terminal provided the NRAs are already provided for such destinations in individual commodity items.
- B. The ocean carrier may forward cargo direct to a point designated by the consignee, provided the consignee pays the cost which he would normally have incurred either by rail, truck or water, to such point if the cargo has been discharged at the terminal port named in the ocean bill of lading within any commercial zone, such payment by the consignee shall be the cost he would normally have incurred to such point of delivery

NOTE: In the event of cargo being discharged at carrier's convenience at a port other than the port of destination named in the bill of lading, the NRA applicable to the port of destination named in the bill of lading shall be assessed. In no event shall any such transfer or arrangements under which it is performed by such as to result directly or indirectly in any lessening or would have borne had the shipment cleared through the port originally intended.

RULE 2-030. BOOKING CANCELLATION FEE (BCF) – NO SHOW FEE (NSF)

- A. Effective August 9, 2021, Carrier has implemented a Booking Cancellation Fee (BCF) on all types of containers. If the Merchant wishes to cancel shipment(s) after the Booking Confirmation has been issued, a cancellation notice must be provided by the merchant to the Carrier in writing not less than five (5) days before the scheduled estimated time of departure (ETD) and shall also pay the Carrier a cancellation fee. The BCF shall be provided in each individual NRA. If a cancellation is provided, but not within the time indicated above; a cancellation fee shall be imposed. All BCF fees imposed shall apply to the account of the cargo.
- B. No-Show Fee (NSF)
If the merchant fails to notify the Carrier of cancellation of part or all containerized goods in accordance or fails to deliver part or all of the containerized goods for shipment, the Merchant shall pay a no-show fee (NSF). The NSF shall be provided in each individual NRA. All NSF fees imposed shall apply to the account of the cargo.

RULE 2-035. OCEAN CARRIER SPOT PRICING – CONGESTION FEE – REVENUE RECOVERY SURCHARGES – SPACE ARRANGEMENT FEES

- A. Ocean Carriers during the pandemic period commencing on or about February 2020 and currently in place for so long as port congestion is occurring in the United States and globally, have been imposing charges in congested port areas in addition to base rate and sur-charges applicable to Carrier’s service contract with ocean carriers in either or both of the following manners:
 - a. By imposing newly negotiated rate structures as a pre-condition to loading cargo previously tendered by Carrier or its agent, whereby, said Ocean Carrier will not load such cargo unless Carrier accepts such increased base spot rates, or
 - b. By imposing newly structured sur-charges with nominations such as, but not limited to “Revenue Recovery Surcharges”, “Space Arrangement Fees”, and other similar titles to indicate charges over and above those in place during the negotiations of the service contract, which are imposed as charges as a pre-condition to acceptance of cargo in a congested port, notwithstanding the negotiated service contract rates and/or surcharges were in place at the time the cargo was tendered to the Ocean Carriers by Carrier or its agent.
 - c. The term Spot Rates shall apply to either or both procedures defined in Paragraph 1. a) and b) above.
- B. Carrier, in view of the Spot Rates practices developed by Ocean Carriers during the pandemic period, shall in order to provide consistency and predictability of transport shall accept such Spot Rates to the extent that not accepting same would lead to non-delivery of cargo, and/or port demurrage and other charges, unless Shipper shall decide and will timely notify Carrier that it is abandoning such cargo, at which time Carrier may take whatever steps necessary in terminating transport and/or asserting liens and effecting the sale of such cargo. To the extent that such cargo is not appropriately abandoned as provided herein, and the sale of the cargo does not cover the freight monies and other charges due to Carrier, Shipper shall remain responsible to Carrier for such charges.
- C. Carrier shall define and treat such Spot Rates as Ocean Carrier General Rate Increases (“GRIs”), a term not otherwise defined in the Federal Maritime Commission’s regulations. GRIs shall include charges implemented by Ocean Carriers as defined in the term Spot Rates herein. As such, pursuant to 46 CFR §532.5 (d) (2) (iv) such Spot Rates are not included in a Negotiated Rate Arrangement nor a Rules Tariff and shall be charged as a pass-through without a markup by Carrier.
- D. To the extent that the increased rates and/or charges imposed by the ocean common carriers are not considered GRIs for whatever reason, Shipper agrees that these increases are an acceptable amendment to the pertinent NRA.

Notwithstanding any other terms in the Rules Tariff to the contrary, pursuant to 46 C.F.R. § 532.5(d)(2) and 46 C.F.R. § 520.7(a)(3)(iv), Carrier may pass-through to its Shippers VOCC General Rate Increases (“GRIs”) to apply to an NRA, NSA, or to transport pursuant to tariff published rates with no mark ups.

RULE 2-040. CONTAINER CAPACITY

Where rules or NRAs make reference to capacity of containers, the standard capacity for purpose of freight rating shall be as indicated in each individual NRA.

NOTE 1: The combined weight of shipper-loaded cargo and containers with chassis and tractor shall not exceed the over-the-road weight limitation in various States of the U.S.A.

RULE 2-045. PORT OF LA & LB CONTAINER EXCESS DWELL FEES

The following Container Excess Dwell Fees imposed by the Port of Los Angeles and the Port of Long Beach (“the Ports”) shall be applicable to shippers as of the date of this publication in Carrier’s tariff pursuant to 46 CFR § 520.8 (b)(4) for any such fees being assessed by the Ports against ocean carriers, and ocean carriers thereby assessing these as pass-through accessorial terminal charges to Carrier on or about November 15, 2021 and thereafter, until such Container Excess Dwell Rates are eliminated by the ocean carriers:

These Dwell Fees are only applicable to imported containers through the Ports and fees are cumulative on a per day basis with no limits:

RULE 2-050. SHIPPER FURNISHED CONTAINERS

In lieu of the carrier furnished containers, shippers may offer cargo for ocean transportation in shipper furnished containers subject to the following provisions:

- A. The container must be of body and frame construction acceptable to the carrier and must be manufactured and equipped in accordance with all applicable United States, other local National and International Laws, Regulations and Safety requirements.
- B. Shipper furnished containers will be subject to inspection, approval and acceptance for carriage on the carrier's vessel prior to loading by the carrier's authorized personnel. Any containers found to be unsuitable will not be accepted for carriage.
- C. Each such container and its cargo will be subject to all rates, rules and regulations of this tariff.
- D. Shipper will be required by the carrier to submit documentary evidence of ownership or leaseholdership of the container offered for shipment.

RULE 2-060. MEASUREMENT AND WEIGHT

Tariff reference to "W" and "M" signify 1,000 kilos and 1 cubic meter respectively. Whenever freight charges are assessed on a W/M "weight or measurement" basis or where rates are provided on both a "W" and "M" basis, the freight charges will be computed on the gross weight or the overall measurement of the pieces or packages, whichever computation produces the greater revenue to the Carrier.

- A. All packages will be measured in Centimeters and weight in Kilograms.
- B. Rounding off- Dimensions
Where parts of centimeter occur in dimensions, such parts below 0.5 cm. are to be ignored, and those of 0.5 cm. And over are to be rounded off to the centimeter above.
- C. Calculating Cubic Measurements
The three dimensions in centimeters (rounded off in accordance with (2)) are to be multiplied together to produce the cube of one package or piece in cubic meters to six decimals.
In case of a single package the decimals are to be rounded off at the second decimal, i.e., if the third decimal is below 5 the second decimal remains unaltered; if the third decimal is 5 or higher the second decimal is to be adjusted upwards.
In the case of multiple packages of like dimensions, the cube on one package to six decimals are to be multiplied by the number of packages and the total cube is then to be rounded off to two decimals under the foregoing procedure.
- D. Official Measurers and Weighers
The straight loaded shipments of consolidator Cargo, stuffed at Carrier's nominated off dock CY locations, does not require measuring/weighing for purposes of confirming volume/weight of cargo. For such shipments, however, there must be a certificate from an officially appointed Sworn Measurer to confirm the exact location at which the shipment was stuffed into the container.
- E. Misdescription, Underweights and Undermeasurement
 - a. The carrier at loading port will assess freight on the shipments on the basis of the gross weights and/or measurements declared or deemed to have been declared by Shippers. Such assessment is subject to the terms and conditions of the carrier's Bill of Lading. Notwithstanding the foregoing Carrier may arrange at the port/point of destination for the verification of the description, measurement, or weights of all such shipments as they, at their sole discretion, may decide and in all such cases the description, measurements or weights so obtained shall be used for determining the correct amount of freight which has to be paid and expense incurred should be for account of cargo.
 - b. If the gross weights and/or measurements declared by the Shippers are less than those ascertained and if the Shippers, by notification to the Carrier, within seven (7) days of the vessels sailing from port of loading or the consignees, by notification to the Carrier prior to the shipment leaving the custody of the Carrier, maintain that the gross weights and/or measurements stated by them are correct, freight shall be assessed provisionally on the controllers' figures and subsequently adjusted, if necessary, after an outturn reweighing and/or re-measuring. If such outturn re-weighing, re-measuring and/or

resurveying shows that the gross weights, measurements and/or description were understated and/or misdeclared by the Shippers, re-measuring and/or resurveying shall be for the account of the cargo.

RULE 2-070. OVERWEIGHT CONTAINERS

Shipper/Consignee for CY origin shipments shall be jointly severally and absolutely liable for any fine, penalty or other sanction imposed upon carrier, its agent motor/rail carrier by authority for exceeding lawful over-the-weight limitations in connection with any transportation services provided under this tariff and occasioned by any act of commission or omission of the shipper/consignee, its agent or contractors, and without regard to intent, negligence or any other factor. When carrier pays any such fine or penalty and assumes any other cost or burden, arising from such an event, it shall be on behalf of and for benefit of the cargo interest and carrier shall be entitled to full reimbursement therefore upon presentation of an appropriate invoice. Nothing in this rule shall require carrier, its agents or motor/rail carrier to resist, dispute or otherwise oppose the levy of such a fine, penalty or other sanction and carrier shall not have any liability to the cargo interest should it not do so. Any charges incurred in re-handling cargo to comply with maximum weight restrictions will be for the account of the cargo.

The party responsible (i.e., the shipper or the consignee) for the shipment exceeding any lawful weight limitation shall indemnify and hold the ocean carrier transporting the shipment, its agents and the motor/rail carrier(s), harmless from any and all damages or liability from claims by whomever brought arising in whole or in part from the shipment exceeding any lawful weight limitation. Such indemnification shall include attorneys' fees and all costs incurred in the defense of such claim(s).

RULE 2-080. SHIPPER'S LOAD AND COUNT

When containers are loaded and sealed by shipper, carrier or its authorized agent will accept same as "Shipper's load and count" and the Bill of Lading shall be so claused, and:

- A. No container will be accepted for shipment if the weight of the contents thereof exceeds the weight carrying capacity of the container.
- B. Carrier will not be directly or indirectly responsible for:
 - a. Damage resulting from improper loading or mixing of articles in containers, or shipper's use of unsuitable or inadequate protective and securing materials when loading to open-side flat-rack type containers.
 - b. Any discrepancy in count or concealed damage to articles.

Except as otherwise provided, shipments destined to more than one port of discharge may not be loaded by the shipper into the same container.

Except as otherwise provided, materials, including special fittings, and labor required for securing and properly stowing cargo in containers moving in CY service, including but not limited to lashing, bulkheads, cross members, platforms, dunnage and the like must be supplied by shippers at their expense and the carrier shall not be responsible for such materials nor their return after use. The carrier shall not be liable in any event for any claim for loss or damage to the cargo arising out of improper or inadequate mixing, stuffing, tallying or bracing of cargo within the container.

RULE 2-090. DIVERSION OF CARGO (BY SHIPPER OR CONSIGNEE)

A request for diversion of a shipment will be considered as an amendment to the contract of carriage and will be subject to the following definitions, conditions and charges:

- A. **Definition of Diversion:**
 - A change in the original billed destination (which may also include a change in Consignee, order party, or both).
 - A change in Consignee, order party or both will not be considered as diversion of cargo.
- B. **Conditions:**
 - a. Requests must be received in writing by the carrier prior to the arrival of the vessel at Discharge Port. Carrier will make diligent effort to execute the request but will not be responsible if such service is operationally impractical or cannot be provided.
 - b. Cargo moving under a non-negotiable Bill of Lading may be diverted at the request of shipper or consignee. Cargo moving under a negotiable Bill of Lading may be diverted by any party surrendering the properly endorsed original Bill of Lading. Cargo moving under a negotiable Bill of Lading may also be diverted by the shipper or consignee at the carrier's sole discretion without receipt by the carrier of the

- original negotiable Bill of Lading so long as a new negotiable Bill of Lading is not requested or issued by the carrier. If a new negotiable Bill of Lading is requested by the shipper or consignee, the original negotiable Bill of Lading must be surrendered to the carrier prior to issuance of the new negotiable Bill of Lading.
- c. This rule will apply to full Bill of Lading quantities or full container loads only.
 - d. A shipment may only be diverted once. Shipper may request cancellation of the original diversion request, resulting in delivery of the cargo to the original billed destination, provided that such request is received prior to arrival of vessel at Discharge Port, and provided that all diversion charges as set out in C. below, applicable to the original diversion request, are paid in full prior to the cancellation request being accepted by the carrier. In no instance will any refund of the diversion charges be made in the event of a cancellation. Any additional expenses incurred by the carrier will be for the account of the cargo.
 - e. Cargo, which, upon request of Merchant (stowage permitting), is diverted to a Port of Discharge within the Scope of this Tariff other than that shown in the Bill of Lading, shall be assessed the actual amount of expense incurred by Carrier, or as per carrier tariff at time of shipment, whichever is higher, plus, at the sole discretion of the Carrier, depending on the relevant administrative burdens resulting from the diversion, an administrative fee of up to \$50/BL for cargo received and diversion requested prior to vessel departure, or up to \$300/BL for cargo received and diversion requested post vessel departure, from origin port.
 - f. Diversion charges or administrative charge are payable by the party requesting the diversion.

- I. Except as otherwise provided herein or in tariffs making reference hereto, articles tendered for transportation will be refused for shipment unless in such condition and so prepared for shipment as to render transportation reasonably safe and practicable. Provisions for the shipment of articles not enclosed in containers does not obligate the carrier to accept an article so offered for transportation when enclosure in a container is reasonably necessary for protection and safe transportation.
- J. Carrier, except as provided in tariffs making reference hereto, will not accept for transportation articles which, because of their length, weight or bulk cannot in carrier's judgment be safely stowed wholly within the trailer or containers dimensions.
- K. Except as provided in tariffs making reference hereto, shipments requiring temperature control.
- L. Shipments containing cargo likely to contaminate or injure other cargo, including green salted hides.

If a correction and/or amendment are made to data that has already been filed with the U.S. Customs thru the Automated Manifest System, Carrier will assess a Correction Fee in addition to all other applicable charges

RULE 2-170. SUBMISSION OF CARGO DECLARATION DATA

A. SUBMISSION OF CARGO DECLARATION DATA; DEADLINE FOR SAME.

Pursuant to Customs regulations effective December 2, 2002, Carrier is required to submit certain cargo declaration data for all cargo on board a vessel that will call in the United States (i.e., U.S. import cargo and foreign destination cargo remaining on board the vessel) to the U.S. Customs Service not later than 24 hours prior to the time the cargo is loaded on Carrier's vessel at each non-U.S. port of loading. In order to enable Carrier to comply with this requirement, except as provided in paragraph B of this rule, any person tendering cargo to Carrier that is to be transported to the United States or that will be on a vessel when that vessel calls in the United States must provide the following information regarding such cargo to Carrier in writing (including by electronic transmission) in sufficient time for Carrier to transmit the data to the Customs Service at least 24 hours prior to the loading of the cargo on Carrier's vessel. Failure to comply with these requirements will result in cargo not being loaded.

- a. A precise description of the cargo (or the 6-digit HTS number under which cargo is classified) and weight of the cargo or, for a sealed container, the shipper's declared description and weight of the cargo. The quantity of cargo shall be expressed in the lowest external packaging unit (e.g., a container containing 10 pallets with 200 cases shall be described as 200 cases). Generic descriptions, including, but not limited to, 'FAK,' 'General Cargo,' 'Chemicals,' 'Foodstuffs,' and terms such as 'Said to Contain' are NOT acceptable descriptions.
- b. Shipper's complete name and address, or the identification number issued to the shipper by the U.S. Customs Service upon implementation of the Automated Commercial Environment ('ACE').
- c. Complete name and address of the consignee, owner or owner's representative, or its ACE identification number.

B. TIME FOR SUBMISSION OF DATA BY SHIPPERS TO CARRIER.

Except as otherwise provided below, the time for shipper to submit data to Carrier shall be as follows:

- a. This applies to all U.S. destined cargo as well as cargo intended to be transhipped at a U.S. port and cargo that will remain on the vessel for carriage to a non-U.S. port.

C. CERTAIN NON-VESSEL OPERATING COMMON CARRIERS.

Non-vessel operating common carriers ('NVOCCs') that are licensed by or registered with the FMC and that have obtained Customs bonds may submit the required inbound cargo declaration data directly to the U.S. Customs Service in accordance with Customs Service regulations and guidelines. For purposes of this provision, an NVOCC is registered with the FMC if it has been issued an Organization Number by the FMC, has published a valid and effective rules tariff, and has posted the required financial security with the FMC.

- a. Certification. Any NVOCC that submits cargo declaration information directly to the Customs Service shall, unless notified by the Carrier pursuant to subparagraph C(1) above that it is not required to do so, in lieu of the information required to be submitted pursuant to paragraph A of this rule, provide the Carrier, not later than the deadline for shipper submission of cargo information under paragraph B of this rule, with a written certification stating that the required inbound cargo declaration data for its cargo has been transmitted to the U.S. Customs Service in a timely and accurate manner. Such certification shall describe the cargo tendered with sufficient specificity (including container number) that Carrier may readily identify such cargo.
- b. NVOCC Co-Loading. For purposes of this paragraph, the term 'Master NVOCC' shall mean the NVOCC that is the customer of the Carrier and tenders co-loaded cargo to the Carrier in its name. In the event the Master NVOCC submits cargo declaration data for co-loaded cargo directly to the Customs Service, it shall do so for all NVOCCs with which it co-loads. In the event the Master NVOCC does not submit cargo declaration data for co-loaded cargo directly to the Customs Service but NVOCCs with which it co-loads transmit cargo declaration data for their cargoes directly to the Customs Service, it shall be the obligation of the Master NVOCC to provide Carrier with the certification described in subparagraph C(1) with respect to all co-loaded cargo tendered to Carrier by the Master NVOCC.
- c. All NVOCCs shall be subject to Paragraphs D and E of this rule.

D. FAILURE TO PROVIDE INFORMATION; DENIAL OF PERMISSION TO LOAD CARGO

- a. In the event Carrier fails to provide the required inbound cargo declaration data to the U.S. Customs Service for all cargo to be loaded on its vessel within the time period required by Customs Service regulations it may, among other things, be assessed a civil penalty, denied permission to unload the cargo for which information was not timely provided, and/or denied permission to unload any cargo from the vessel on which the cargo is moving. Accordingly, Carrier may refuse to load any cargo tendered to it for which it has not received either (i) the data required by paragraph A of this rule by the deadline specified pursuant to paragraph B; or (ii) the certification required by paragraph C of this rule by the deadline specified therein.
- b. Any and all costs incurred by Carrier with respect to cargo in its possession which is not loaded due to the non-provision of information or certification, or which is not loaded pursuant to the instructions of the U.S. Customs Service (regardless of whether or not the required data or certification has been provided for such cargo), including but not limited to inspection, storage and/or re-delivery costs, shall be for the account of the cargo. Carrier shall have a lien on cargo in its possession for amounts due hereunder and may hold cargo until such amounts (and any other unpaid freights or charges) are paid or sell such cargo after a reasonable period. In the event Carrier is forced to take legal action to collect amounts due hereunder, Carrier shall be entitled to recover all costs (including reasonable attorneys' fees and expenses) incurred in connection with such legal action.

E. INDEMNIFICATION OF CARRIER.

If Carrier is assessed a civil penalty or fine or is denied permission to unload cargo, because of the failure of any and all shippers, consignees, cargo owners, NVOCCs, shippers' associations and their agent(s) to provide the information required by this rule and/or by the regulations or guidelines of the U.S. Customs Service in a complete and accurate manner, then such shippers, consignees, cargo owners, NVOCCs, shippers' associations and their agent(s) shall be jointly and severally liable to indemnify and reimburse Carrier for any such penalty or fine and any and all costs, damages or liability, direct, indirect, special or consequential, incurred by the Carrier as a result of the denial of permission to unload cargo or any delays related thereto. Carrier shall have a lien on cargo in its possession for amounts due hereunder and may

hold cargo until such amounts (and any other unpaid freights or charges) are paid or sell such cargo after a reasonable period. In the event Carrier is forced to take legal action to collect amounts due hereunder, Carrier shall be entitled to recover all costs (including attorneys' fees) incurred in connection with such legal action.

F. CONFIDENTIALITY.

Carrier acknowledges that the information required by the Customs Service may constitute confidential information that is not generally available to the public. Carrier, in accordance with the requirements of Section 10(b)(13) of the Shipping Act of 1984, as amended, will keep confidential, to the extent permitted by law, all Shipper bill of lading information, including information related to underlying shippers and commodities in respect of containers of less than container load cargo containing shipments by more than one Shipper.

RULE 2-180. U.S. CUSTOMS RELATED CHARGES

Shippers must comply with all customs and consular regulations. Any fine or penalty imposed by government authorities for failure to comply with customs or consular regulations shall be at the expense of shipment, or merchant. Goods which are not cleared through customs for any reason may be cleared by Carrier at the expense of the shipment or merchant and may be warehoused at the risk and expense of the shipment or merchant or may be turned over to the Customs authorities without any further responsibility on the part of the Carrier.

NRAs are not inclusive of U.S. Customs related charges, such as, but not limited to, Customs clearance assessments, USDA/FDA/US customs examination, X-ray, insurance, storage, forwarding charges, drayage, demurrage, bonded warehousing, formal customs entry, if required, or tax and duties. Any such accrued U.S. Customs related charges shall be at the expense of the shipment, cargo or merchant.

The term "Demurrage" indicates a daily charge assessed to the shipper/consignee for the use of space, the occupation of land at marine terminals and/or services provided at the carrier's load/discharge port, rail ramp or inland container yard (CY) facility when the cargo remains in or on carrier's containers, tanks or trailers and/or such facilities beyond the permitted free-time as stipulated per tariff or contract of the vessel operator or the marine terminal after the expiration of free time. The term "Detention" indicates a charge for the use of equipment. The term "Free time" indicates the grace period for which neither of these charges will be incurred. Any charges for storage, detention or demurrage of freight or containers, as a result of being in excess of the free time prescribed or agreements, assessed by vessel operators on whose vessel cargo is/was transported or terminal operator at origin point or port or destination point or port due to some default or oversight of shipper or consignee or holder of bill of lading is for the account of such shipper, consignee or holder of a relevant bill of lading ("holder"). RULE 3. RATE APPLICABILITY RULE

The rules and charges applicable to a given shipment must be those in an NRA and in effect when the cargo is received by the ocean carrier or its agent (including originating carriers in the case of NRAs for through transportation). A shipment shall not be considered as “received” until the full bill of lading quantity has been received.

RULE 4. HEAVY LIFT

B. CLAUSE PARAMOUNT:

- a. **To and From non-United States Ports.** As far as this Bill of Lading covers the Carriage of Goods by sea to and from non-United States ports by the Carrier and any Participating Carrier, the Contract evidenced in this Bill of Lading shall have effect subject to the Hague-Visby Rules, if and as enacted in the country of shipment and any legislation making those Rules compulsorily applicable to this Bill of Lading shall be deemed incorporated herein and made part of this Bill of Lading contract. When no such enactment is in force in the country of shipment, the Hague-Visby Rules will apply. The Hague-Visby Rules shall also govern before the Goods are loaded on and after they are discharged from the vessel and throughout the entire time the Goods are in the actual custody of the Carrier or Participating Carrier. The Hague-Visby Rules shall also apply to the Carriage of Goods by inland waterways and reference to carriage by sea in such Rules or legislation shall be deemed to include reference to inland waterways.
- b. **To or From United States Ports.** If the Carriage called for in this Bill of Lading is a shipment to or from the United States, the liability of the Carrier shall be exclusively determined pursuant to COGSA; the Pomerene Act [49 U.S.C. §80101 et. seq.] for both export and import cargo moving to/from the United States; and Article 7-301 of the Uniform Commercial Code. The provisions cited in the Hague Rules and COGSA shall also govern before the Goods are loaded on and after they are discharged from the Vessel and throughout the entire time the Goods are in the actual custody of the Carrier or Participating Carrier.
- c. **Other Applicable Laws.** The Carrier shall be entitled to (and nothing in this Bill of Lading shall operate to deprive or limit such entitlement) the full benefit of, and rights to, all limitation of and exclusions from liability and all rights conferred or authorized by any applicable law, statute or regulation of any country (including, but not limited to, where applicable any provisions or sections 4281 to 4287, inclusive, of the Harter Act of the United States of America and amendments thereto and where applicable any provisions of the laws of the United States of America) and without prejudice to the generality of the foregoing also any law, statute or regulation available to the Owner of the vessel on which the Goods are carried.

C. LIMITATION OF LIABILITY: Insofar as loss of or damage to or in connection with the Goods is caused during the part of the custody or carriage, such compensation shall be calculated as follows:

- a. Where the Hague-Visby Rules apply hereunder by national law by virtue of clause 2, the Carrier's liability shall in no event exceed the amounts provided in the applicable national law.
- b. Where Carriage includes Carriage to, from or through a port in the United States of America and US COGSA applies by virtue of clauses 2, Carrier shall not in any event be or become liable in an amount exceeding US\$500 per Package or customary freight unit.
- c. Where the British International Freight Association (BIFA) rules apply by virtue of clauses 2, Carrier's compensation shall not exceed the limitation of liability of 2 SDR per kilo of the gross weight of any Goods lost or damaged by reference to the invoice value of the Goods plus Freight and insurance if paid. If there is no invoice value of the Goods or if any such invoice is not bona fide, such compensation shall be calculated by reference to the value of such Goods at the place and time they are delivered or should have been delivered to the Merchant. The value of the Goods shall be fixed according to the current market price, by reference to the normal value of goods of the same kind and/or quality.

- d. IF NO LIMITATION AMOUNT IS APPLICABLE UNDER ANY OF THE ABOVE RULES OR LEGISLATION, THE LIMITATION SHALL BE US\$500 PER PACKAGE OR CUSTOMARY UNIT.

D. CARRIER'S RESPONSIBILITY:

- a. **PORT TO PORT SHIPMENT:** Except as otherwise provided herein, the Carrier's responsibility for Goods shall commence at the time when such Goods are received by the Carrier at the Port of Loading and shall terminate when such Goods are delivered by or on behalf of the Carrier at the intended Port of Discharge. Notwithstanding the above where the Space(s) entitled "Place of Receipt" and/or "Place of Delivery" on the face hereof are completed, the contract contained in or evidenced by this Bill of Lading is for through transportation from and/or to the place(s) so named and the Carrier's responsibility shall then commence at the time when the Goods are delivered at the Place of Delivery so named (if any) and/or terminate when the Goods are delivered at the Place of Delivery so named (if any). The Merchant constitutes the Carrier as agent to enter into contracts on behalf of the Merchant with other for transport, storage, handling or any other services in respect of the Goods prior to loading and subsequent to discharge of the Goods from the vessel without responsibility for any act or omission whatsoever on the part of the Carrier or others and the Carrier may as such agent, enter into contracts with other on any terms whatsoever including terms less favorable than the terms in this Bill of Lading.
- b. **COMBINED TRANSPORT:**
- i. The carrier acts as agent for Merchant with regard to procuring inland and ocean transportation. If, for any reason, it is adjudged that the Carrier was not acting as the Merchant's agent, then in addition to the defenses and limitation of liability permitted to the Carrier by law and by this bill of lading, the Carrier shall also have the benefit of all defenses available to the participating carrier(s) by law and by the terms of its or their contracts of Carriage and tariffs, all of which shall be deemed incorporated in this bill of lading, as applicable and with respect to inland transportation of the Goods, Carrier will be afforded all of the defenses according to the provisions of any International Convention or national law which is compulsorily applicable in the country, where the inland transportation took place or, if no such law or convention is applicable, then according to the Participating Carrier's contracts of carriage and/or tariffs, if any.
 - ii. Except as otherwise provided in this Bill of Lading, the Carrier shall be liable for loss of or damage to the Goods occurring from the time that the Goods are taken into its charge until the time of delivery to the extent set out below:
 1. Where the stage of Carriage where the loss or damage occurred cannot be proved:
 - a. The Carrier shall be entitled to rely upon all exclusions of liability under the rules or legislation that would have applied under 2(A)(B) above had the loss or damage occurred at sea or, if there was no carriage by sea, under the Hague Rules (or COGSA).
 - b. Where under (i) above, the Carrier is not liable in respect of some of the factors causing the loss or damage, it shall only be liable to the extent that those factors for which it is liable have contributed to the loss or damage.
 - c. Where the Hague Rules (or any legislation applying such rules or Hague-Visby Rules such as COGSA) is not compulsorily applicable the Carrier's liability shall not exceed US \$2.00 per kilo of the gross weight of the Goods lost, damaged or in respect of which the claim arises or the value of such Goods, whichever is the lesser.
 - d. The value of the Goods shall be determined according to the commodity exchange price at the place and time of delivery to the Merchant or at the place and time when they should have been so delivered, or, if there is no such price, according to the current market price by reference to the normal value of the Goods of the same kind and quality, at such place and time.
 2. Where the stage of Carriage where the loss or damage occurred can be proved:

- a. The liability of the Carrier shall be determined by the provisions contained in any international convention or national law of the country which provisions,
 - i. cannot be departed from by private contract to the detriment of the Merchant
 - ii. would have applied if the Merchant had made a separate and direct contract with the Carrier in respect of the particular stage of Carriage where the loss or damage occurred and had received as evidence thereof any particular document must be issued in order to make such international convention or national law applicable, and,
 - iii. where neither (i) nor (ii) above shall apply any liability or the Carrier shall be determined by 4(b)(A) above.
 - c. **DELAY, CONSEQUENTIAL LOSS:** Except as otherwise provided herein, the Carrier shall in no circumstances be liable for direct, indirect or consequential loss or damage by delay or any other cause whatsoever and howsoever caused. Without prejudice to the foregoing, if the Carrier is found liable for delay, liability shall be limited to the freight applicable to the relevant stage of the transport.
 - d. **AD VALOREM DECLARED VALUE OF PACKAGES OR SHIPPING UNIT:** The Carrier's liability may be increased to higher value by a declaration in writing of the value of the Goods by the Merchant upon delivery to the Carrier of the Goods for shipment. Such higher value being inserted on the front of this Bill of Lading in the space provided for and, if required by the Carrier, extra freight paid in such case. If the actual value of the Goods shall exceed such declared value, the value shall nevertheless be deemed to be the declared value and the Carrier's liability, if any, shall not exceed the declared value and any partial loss or damage shall be adjusted pro rata on the basis of such declared value.
 - e. **RUST, ETC:** It is agreed that superficial rust, oxidation or any like condition due to moisture is not a condition of damage but is inherent to the nature of the Goods and acknowledgement of receipt of the Goods in apparent good order and condition is not a representation that such conditions of rust, oxidation or the like did not exist on receipt.
 - f. **NOTICE OF LOSS OR DAMAGE:** The Carrier shall be deemed prima facie to have delivered the Goods as described in this Bill of Lading unless notice of loss or damage to the Goods indicating the general nature of such loss or damage shall have been given in writing to the Carrier or to its representative at the place of delivery before or at the time of removal of the Goods into the custody of the person entitled to delivery thereof under this Bill of Lading or, if the loss or damage is not apparent within three consecutive days thereafter.
- E. REFRIGERATED CARGO:**
Goods of a perishable nature shall be carried in ordinary containers without special protection, services or other measures unless there is noted on the reverse side of this Bill of Lading that the goods will be carried in a refrigerated, heated, electrically ventilated or otherwise specially equipped container or are to receive special attention in any way. Carrier shall not be liable for any loss of or damage to Goods in a special hold or container arising from latent defects, derangement, breakdown, or stoppage of the refrigeration ventilation or heating machinery, insulation, ship's plant, or other such apparatus of the vessel or Container, provided that Carrier shall before or at the beginning of the Carriage exercise due diligence to maintain the special hold or Container in an efficient state. Merchant undertakes not to tender for transportation any goods which require temperature control without previously giving written notice of their nature and the required temperature setting of the thermostatic controls before receipt of the goods by Carrier. In the case of a temperature controlled Container stuffed by or on behalf of the Merchant, Merchant further undertakes that the Container has been properly pre-cooled, that the Goods have been properly stuffed in the Container, and that its thermostatic controls have been properly set by the Merchant before receipt of the Goods by the Carrier. Merchant's attention is drawn to the fact that refrigerated containers are not designed to freeze down cargo which has not been presented for packing at or below its designated carrying temperature. Carrier shall not be responsible for the consequences of cargo tendered at a higher temperature than that required for the transportation. If the above requirements are not complied with, Carrier shall not be liable for any loss of or damage to the goods whatsoever.
- F. CARGO STOWED IN CONTAINERS BY MERCHANTS:**
The Carrier shall not be responsible for the safe and proper stowing of cargo in containers if such containers are loaded with cargo by Merchant, consolidator or inland carrier, and no responsibility shall attach to the Carrier for any loss or damage caused to contents by shifting, overloading or improper

packing of the container. Containers loaded by the Merchant or their agent shall be properly sealed and the seal identification reference, as well as the container reference, shall be shown herein. The merchant, consolidator or inland carrier shall inspect containers before loading them and loading of the containers shall be prima facie evidence that the containers were sound and suitable for use. Carrier has the right but not the obligation to open and inspect the containers at any time without notice to Merchant, and expenses resulting from such inspections shall be borne by Merchant. Merchant warrants that the stowage and seals of the containers are safe and proper and suitable for handling and carriage and indemnifies Carrier for any injury, loss or damage caused by breach of this warranty. The Carrier will not be liable in any event for the particulars furnished by the Merchant as shown on the face of this Bill of Lading. This Bill of Lading is a receipt only for the number of containers, packages or pieces as shown on the face of this Bill of Lading. The Carrier has counted only the number of containers (if container received already loaded) or the number of packages or pieces (if the Carrier has loaded the container) and under no circumstances shall the Bill of Lading be prima facie evidence of the marks, quantity, weight, description, measurement and other particulars furnished by the Merchant. Delivery shall be deemed as full and complete performance when the containers are delivered by Carrier with the seals intact.

The Merchant shall defend, indemnify and hold harmless the Carrier against any loss, damage, claim, liability, or expense whatsoever arising from one or more of the following matters: loss or damage caused by the manner in which the Container has been stuffed; loss or damage caused by the unsuitability of the Goods for Carriage in Containers; loss or damage caused by the unsuitability or defective conditions of the Container, provided that where the Container has been supplied by or on behalf of the Carrier, this paragraph shall only apply if the unsuitability or defective condition would have been apparent upon reasonable inspection by the Merchant at or prior to the time when the Container was stuffed; and loss or damage if the Container is not sealed at the commencement of the Carriage except where the Carrier has agreed to seal the Container.

G. OPTIONS OF THE CARRIER:

- a. **Subcontracting:** The Carrier shall be entitled to subcontract on any terms the whole or any part of the handling, storage or carriage of the Goods and any and all duties whatsoever undertaken by the Carrier in relation to the Goods. The Merchant shall defend, indemnify and hold harmless the Carrier against any claims, which may be made upon the Carrier by any servant, agent or subcontractor of the Carrier in relation to the claim against any such person made by the Merchant. The provisions of COGSA or its applicable foreign equivalent at point of origin or destination shall apply by agreement of the parties to all agents, contractors, and subcontractors, including but not limited to, draymen, truckers, and stevedores, prior to the loading of and after the unloading of the cargo. Without prejudice to the foregoing, every such servant, agent and subcontractor shall be entitled to the same rights, exceptions, exemptions, defenses, immunities, limitations of liability, privileges and conditions granted or provided by this Bill of Lading, tariff or statute, including but not limited to the provisions of COGSA or its applicable foreign equivalent, to which Carrier is entitled and for the benefit of the Carrier as if such provisions were expressly for its benefit, and in entering into this contract the Carrier, to the extent of these provisions, does so not only on their Own behalf but also as agent and trustee for such servants, agents and subcontractors. The above shall also apply to and for the benefit of the officers and employees of the Carrier and the agents, officers and crew of the vessel and to and for the benefit of all parties performing services in connection with the Goods as agents or contractors of the Carrier (including, without limitation, stevedores, terminal operators, and agents) and the employees of each of them. By entering into this contract, the Carrier, to the extent of these provisions, does so not only on its own behalf, but also as agent or trustee for such Persons and vessels, and such Persons and vessels shall to this extent be deemed parties to this contract.
- b. **Route and Tran-shipment:** The Carrier may at any time and without notice to the Merchant, use any means of transport or storage in any reasonable manner and by any reasonable means, methods and routes, including but not limited to, inland carriage by truck, rail and/or air; load or carry the Goods on any vessel, whether named on the front hereof or not; transfer the Goods from one conveyance to another, including transshipping or carrying the same on another vessel than that named on the front hereof or by any other means of transport whatsoever; at any place unpack and remove Goods which have been stuffed in or on a Container and forward the same in any manner whatsoever; proceed at any speed and by any route in Carrier's discretion (whether or not the nearest, direct, customary, advertised, or published route) and proceed to or stay at any place whatsoever once or more often and in any order; load or unload the Goods from any conveyance at any place (whether or not the place is a port named on the front hereof

as the intended Port of Loading or intended Port of Discharge); comply with any orders or recommendations given by any government, authority, or any Person or body acting or purporting to act as or on behalf of such government or authority, or having under the terms of the insurance on the conveyance employed by the Carrier, the right to give orders or directions; permit the vessel to proceed with or without pilots, save or attempt to save life or property, adjust navigational instruments, make trial trips, go to repair yards, shift berths, take in fuel or stores, embark or disembark any persons to tow or be towed, or to be dry-docked; permit the vessel to carry livestock, Goods of all kinds, dangerous or otherwise, contraband, explosives, munitions or warlike stores, and sail armed or unarmed. These liberties may be invoked by the Carrier (without notice to the Merchant), either with or without the goods on board, for any purposes whatsoever, whether or not connected with the Carriage of the Goods. Any act involving delays resulting from such activities shall not be deemed a deviation of whatsoever nature or degree.

c. Conditions affecting Performance:

- i. Carrier shall use reasonable endeavors to complete transport and to deliver the goods at the place designated for delivery. If at any time the performance of this contract as evidenced by this Bill of Lading in the opinion of Carrier is or will be affected by any hindrance, risk, delay, injury, difficulty or disadvantage of any kind including strike and if by virtue of the above it has rendered or is likely to render it in any way unsafe, impracticable, unlawful, or against the interest of Carrier to complete the performance of the contract, Carrier, whether or not the transport is commenced, may without notice to Merchant elect to:
 1. treat the performance of this contract as terminated, abandon the Carriage of the Goods and place the goods, or any part of them, at Merchant's disposal at any place which the Carrier shall deem safe and convenient, whereupon the responsibility of the Carrier in respect of such Goods shall cease; or
 2. continue the Carriage and deliver the goods at the place of delivery. In any event, Carrier shall be entitled to full freight for any goods received for transportation and additional compensation for extra costs resulting from the circumstances referred to above.
- ii. If, after storage, discharge, or any actions taken above, Carrier makes arrangements to store and/or forward the goods, it is agreed that it shall do so only as agent for and at the sole risk and expense of Merchant without any liability whatsoever in respect of such agency. Merchant shall reimburse Carrier forthwith upon demand for all extra freight charges and expenses incurred for any actions taken according to sub-part 7C(1), including delay or expense to the Ship, and Carrier shall have a lien upon the goods to that extent.
- iii. The situations referred to in sub-part 7C(1) above shall include, but shall not be limited to, those caused by the existence or apprehension of war declared or undeclared, hostilities, riots, civil commotions, or other disturbances, closure of, obstacle in, or danger to any port or canal, blockade, prohibition, or restriction on commerce or trading quarantine, sanitary, or other similar regulations or restrictions, strikes, lockouts or other labor troubles whether partial or general and whether or not involving employees of Carrier or its Subcontractors, congestion of port, wharf, sea terminal, or similar place, shortage, absence or obstacles of labor or facilities for loading, discharge, delivery, or other handling of the goods, epidemics or diseases, bad weather, shallow water, ice, landslip, or other obstacles in navigation or carriage.
- iv. Carrier, in addition to all other liberties provided for in this Article, shall have liberty to comply with orders, directions, regulations or suggestions as to navigation or the carriage or handling of the goods or the ship howsoever given, by any actual or purported government or public authority, or by any committee or person having under the terms of any insurance on the Ship, the right to give such order, direction, regulation, or suggestion. If by reason of and/or in compliance with any such order, direction, regulation, or suggestion, anything is done or is not done the same shall be deemed to be included within the contractual carriage and shall not be a deviation.

- d. Variation of the Contract:** Only Carrier's officers, directors, or agents with actual authority shall have power to waive, vary, alter, or modify any terms herein. Any changes must be agreed upon in writing by Carrier and Merchant.

- e. **Stowage in Containers:** Where the goods are not received by Carrier already in containers or the Carrier is instructed to provide a Container, in the absence of a written request to the contrary, the Carrier is not under an obligation to provide a Container of any particular type or quality. Goods may be stuffed by the Carrier and may be stuffed with other Goods. Merchant shall be liable to Carrier for damage to Carrier's containers or equipment if such damage occurs while such equipment is in control of Merchant or its agents. Merchant indemnifies Carrier for any damage or injury to persons or property caused by Carrier's containers or equipment during handling by or when in possession or control of Merchant.
 - f. **On Deck Storage:** Containers, whether goods therein be stowed by the Carrier or by the Merchant, and unit load machinery not containerized may be carried on or under deck without notice to the Merchants and if they are so carried, COGSA or the Hague Rules incorporated herein shall be applicable notwithstanding carriage on or under deck and the Goods and/or containers shall contribute in General Average whether carried on or under deck.
 - g. **Inspection of Goods:** Upon cause, the Carrier or any person authorized by the Carrier shall be entitled, but under no obligation, to open and inspect the Goods in any Container or package at any time.
- H. **GOVERNMENT DIRECTIONS, ETC.:** The Carrier, Master and Vessel shall have liberty to comply with any orders or directions as to loading, departure, arrival, routes, ports of call, stoppages, discharge, destination, delivery or otherwise, howsoever given by the government of any nation or department thereof or any person acting or purporting to act with the authority of such government or of any department thereof, or by any committee or person having, under the terms of war risk insurance on the Vessel, the right to give such orders or directions shall be a fulfillment of the contract voyage.

In addition to all other liberties herein, the Carrier shall have the right to withhold delivery of, reshipe to, deposit or discharge the goods at any place whatsoever, surrender or dispose of the goods or permit inspection or other control in accordance with any direction, condition or agreement imposed upon or extracted from the carrier by any government or department thereof or any person purporting to act with the authority of either of them, In any of the above circumstances, the Goods shall be solely at their risk and expense and all expenses and charges so incurred shall be payable by the cargo owner or consignee and shall be a lien on the goods.

- I. **MERCHANTS RESPONSIBILITY:** Merchants and their agents shall be jointly and severally liable to carrier for any loss or damage to containers or Goods while in their possession or the possession of their agents. The Carrier shall not in any event be liable for any loss, delay, damage or injury to the Goods, or to other property or to any persons arising out of the use or handling of Carrier's containers by Merchant or their agent. Merchant shall defend, indemnify and hold the Carrier harmless from and against any and all claims, loss, damage or fines on a container or the Goods before delivery to the Carrier at the port of loading or between containers to the Carrier. If the goods are delivered in a container, the Merchant undertakes to return the container promptly to the Carrier in the same condition as when received from the Carrier. The Merchant warrants to the Carrier that the particulars relating to the Goods as set out overleaf have been checked by the Merchant on receipt of this Bill of Lading and that such particulars, and any other particulars furnished by or on behalf of the Merchant, are adequate and correct. The Merchant also warrants that the Goods are lawful goods and contain no contraband. If the Container is not supplied by or on behalf of the Carrier, the Merchant further warrants that the Container meets all ISO and/or other international safety standards and is fit in all respects for Carriage by the Carrier. The Merchant shall defend, indemnify and hold harmless the Carrier for any injury, loss or damage, including fines arising from Merchant's failure to declare correctly herein any of the particulars furnished by it, including marks, quantity and description of the goods, weight and cubic measurement of goods and the exact total gross weight of container (container tare weight and cargo weight) and also for any kind of rerouting of the Goods at the Merchant's request or for any other act, fault or neglect of the Merchant, its agent or its servants for which the Carrier may become liable. If the container is discharged from the vessel with seals intact, the Carrier shall not be liable for any loss or damage to contents of container unless it be proven that such loss or damage was caused by the Carrier's negligence.

Merchant shall defend, indemnify and hold harmless the Carrier against any loss or damage to the vessel or cargo or to any persons or property caused by inflammable, explosive or dangerous goods, shipped without full disclosure of their nature, whether such Merchant be principal or agent and such Goods so shipped may be thrown overboard or destroyed at any time without compensation

J. **WARRANTY:** Merchant warrants that in agreeing to the terms hereof it or its agent has the authority of the person owning or entitled to the possession of the Goods or any person who has a present or future interest in the Goods.

K. FREIGHT AND CHARGES:

- a. Pre-paid freight, whether actually paid or not, shall be earned upon receipt. Payment shall be in full and in cash without any offset, counterclaim, deduction or stay of execution, in the currency named in this Bill of Lading, or another currency at Carrier's option. Interest at 25% per annum (compounded annually) on the unpaid balance, minimum charge \$100.00, or the maximum amount allowed by applicable law, whichever is less, shall run from the date when charges are due. If the services of a freight forwarder are used for this transportation, those services shall be deemed to be performed as agent of Merchant and payment of freight to the freight forwarder is not payment to Carrier. Full freight shall be paid on damaged or unsound goods. In any referral for collection or action against Merchant for monies due to Carrier, upon recovery by Carrier, Merchant shall pay the expenses of collection and litigation, including reasonable attorneys' fees.
- b. If Merchant fails to make payment in 30 days, a late fee of 25% of the principal amount due shall be assessed on each unpaid invoice, in addition to all other lawful freight and accessorial charges as provided herein.
- c. The Merchant shall be liable, jointly and severally with the consignee, consignor, and any other responsible party, for all unpaid charges on account to pay and/or indemnify Merchant for all claims, fines, penalties, damages, costs, and other sums, including attorney's fees, which may be incurred by Carrier by reason of any violation of the shipment contract/tariff or any other default of the Merchant or their agents. Regardless of which party is initially invoiced however, the Shipper, the Consignee, or any Third Party remain jointly liable for all charges. In the event Shipper, Consignee, or Third Party primarily responsible for payment does not pay applicable charges within normal terms, the other parties shall remain liable for all charges. Under this paragraph, Carrier is entitled to recover all costs, including attorney's fees, of collecting delinquent invoices.
- d. Allocation of Payment: Merchant authorizes Carrier to allocate payments and credits in a way that is most favorable to or convenient to the Carrier and grants Carrier full discretion as to how payments are applied. PART 4

Freight Brokerage Service Terms and Conditions

SCOPE AND APPLICATION OF PART 4 FREIGHT BROKERAGE SERVICE TERMS AND CONDITIONS

Part 4 of the Terms and Conditions contain Universal's rules, rates and charges applicable to Universal's function as a freight broker (as that term is defined in 49 U.S. Code § 13102). In this Part, Universal as well as its applicable operating divisions, subsidiaries, agents, subcontractors, officers and assigns is referred to as ("Broker"). In this Part "Shipper" shall mean the individual and/or entity that contracts with Broker for freight brokerage services. In this Part, Broker and Shipper may collectively be referred to as Parties. In this Part, the term "Agreement" refers to the terms included only in this Part. A copy of this tariff is available to the Shipper upon request and is available on Universal's website.

The rights and liabilities of the Parties associated with freight brokerage services are to be determined exclusively pursuant to the terms and conditions of this Part of the Terms and Conditions.

By placing freight with Broker for transportation, Shipper agrees to abide by and be bound by the terms set forth in this Part, and represent and warrant that Shipper has fully read the terms and conditions contained herein.

This Agreement is intended for the sole benefit of Broker and Shipper, nothing contained in this Agreement is intended or may be construed to give any person, firm, corporation or other entity, other than the signatories hereto, or their permitted successors or assigns, any legal or equitable right, remedy or claim under this Agreement. Broker shall have no liability to any person or entity that is not a signatory to this Agreement. Shipper warrants it has authority to enter into this Agreement and agrees to be bound by the terms of this Agreement. The Shipper is responsible for ensuring that all such parties including the beneficial owner of the freight and shipper or consignee are given notice of this Agreement.

Broker is engaged in the business for compensation of arranging and/or offering to arrange for the transportation of property, by motor carriers and desires to provide its services to Shipper. Shipper desires to retain Broker on a non-exclusive basis to satisfy a portion of its transportation needs as detailed in this Agreement. Nothing within this Part shall be considered or interpreted to imply that Broker is providing any services as a carrier.

1. AUTHORITY

Broker represents and warrants that it is duly authorized to perform all services detailed in this Agreement under a license or permit issued by the Federal Motor Carrier Safety Administration or its predecessor (hereinafter "FMCSA").

2. TENDER OF GOODS

- a. Shipper may from time-to-time offer shipments for transportation to Broker during the Term ("Tender"). Such Tender shall not be deemed or construed, under any circumstances to establish a minimum or maximum guarantee of shipments to be tendered to Broker, or to establish a practice or course of conduct of any kind. Broker shall not be obligated to accept any such Tender if, in its reasonable discretion, it will be unable to fulfill its obligations hereunder.
- b. Broker shall place shipments only with properly authorized and licensed motor carriers, and shall make all arrangements to transport and deliver each shipment promptly, efficiently, and with reasonable dispatch, as directed by Shipper or its designated agent. If Broker is also a duly licensed and authorized motor carrier, Broker shall nonetheless continue to be treated as a broker for all purposes unless Broker utilizes its own vehicles and drivers to transport any shipment hereunder, then for purposes of that shipment, Broker shall be considered a motor carrier and that service will be subject to the terms set forth in Part 1 of these Terms and Conditions.
- c. It is understood that this is a non-exclusive Agreement, and that Broker shall be free to accept freight for transportation from entities other than Shipper, and that Shipper shall be free to tender freight to carriers and brokers other than Broker.

3. RIGHTS AND REMEDIES

- a. Each shipment Tendered to Broker on or after the date of this Agreement shall be subject solely to the terms and conditions of this Agreement and non-conflicting provisions of law applicable to property brokerage and motor carriage hereunder. To the extent permitted for contracts between shippers and brokers, all rights and remedies found in Part B, 49 U.S.C. Subtitle IV and/or Title 49 of the Code of Federal Regulations, that

conflict with the terms and conditions of this Agreement are hereby knowingly waived by Shipper and by Broker, both for itself and on behalf of Broker's Carriers (as defined below), pursuant to 49 U.S.C. § 14101(b), and the presence of specific waivers elsewhere herein shall not act to waive or limit the scope of this general waiver.

- b. Shipper expressly agrees that Broker has the right to tender Shipper's freight to any carrier lawfully authorized to transport the freight ("Broker's Carriers") on any terms whatsoever, so long as the agreed terms do not cause Broker to breach its obligations to Shipper under the terms of this Agreement

4. RECEIPTS AND BILLS OF LADING

- a. Broker shall use reasonable efforts to cause Broker's Carriers to issue and sign a receipt for each shipment Tendered to it in a form agreed to by Broker and Shipper. Upon notice, Broker will provide Shipper with original or certified copies of such receipts at no cost to Shipper.
- b. If Broker, Broker's Carriers, Shipper, or any other person or entity elects to utilize bills of lading or other forms of shipping documents, freight receipts, or contracts ("Documents") for any shipment hereunder, then any terms and conditions of such Documents shall be null and void to the extent that they conflict with the terms of this Agreement, and the Documents shall act solely as a proof of receipt and/or delivery, as applicable.
- c. Under no circumstances is Broker to be identified as the carrier in any bill of lading or receipt. If Shipper or any other individual or entity utilize a bill of lading or receipt that identifies Broker as a carrier, it will be considered a breach of the terms of the Agreement for purposes of Shipper's indemnification obligations as set forth below.

5. RATES, CHARGES, RULES AND REGULATIONS

- a. General. As full compensation for the services provided by Broker and/or Broker's Carriers hereunder, Shipper shall pay Broker solely in accordance with the rates and charges agreed upon by the Parties prior to the Shipment. Shipper, for itself and on behalf of all persons and entities shipping freight through shipper, hereby waives the applicability of any other rates, rules, practices, and classifications to the extent inconsistent with this rate agreement.
- b. Special Rates. In the event that Shipper requests Broker to accept shipments from Shipper, its agents or contractors at rates which are not covered by an existing agreement, Shipper agrees to pay Broker mutually agreed upon, reasonable rates and charges for the subject transportation in accordance with all other terms and provisions of this Agreement. In determining the "reasonable rates and charges" for such transportation, the Parties shall consider the then-prevailing level of rates and charges being quoted and assessed for like transportation services by Broker.

6. RATES CONFIRMATION

- a. When an individual shipment is tendered on a rate confirmation, the individual shipment shall be subject to the rate or charge contained on the rate confirmation sheet and will prevail over all conflicting rates and/or charges published in any other applicable contract or pricing schedule/tariff.

If the rate confirmation is prepared by Shipper, or a third party acting on behalf of Shipper, CARRIER'S signature on the rate confirmation only evidences CARRIER'S acknowledgement and agreement to the transportation rates and charges thereon and does not constitute approval of any other provisions set forth on the rate confirmation sheet. Such other changes can only be approved in writing signed by an officer of the CARRIER.

7. FREIGHT PAYMENTS

- a. Notwithstanding the Shipper's primary payment responsibility, if Shipper does not pay the charges within Broker's payment terms, for any reason, including insolvency, the charges may be sought from any other lawful party.
- b. Payment Terms. Broker will use reasonable efforts to invoice Shipper for all payments due hereunder within 180 days of a shipment's delivery. Shipper shall make payment to Broker for Broker's and Broker's Carriers' services hereunder within thirty (30) days of its receipt of Broker's invoice.
- c. When the payer of the freight charges fails to make payment in 30 days, the following can be assessed on each unpaid freight bill, in addition to all other lawful freight and accessorial charges as provided in these Rules and Regulations.

(1) Interest of 25% per annum (compounded annually) on the unpaid balance, minimum charge \$100.00, or the maximum amount allowed by applicable law, whichever is less, plus the reimbursement for all collection and legal costs, including reasonable attorney fees.

(2) And a late fee of 25% of the principal amount due.

- d. Errors and Omissions. Shipper shall notify Broker in writing within ten (10) days of discovery, and in any event within thirty (30) days of receipt of any Broker invoice, of any known invoicing errors or omissions on Broker's part, including overpayment. Shipper shall communicate such potential errors or omissions by contacting the following source:

Customers@goutsi.com

Failure by Shipper to provide such notification shall be deemed to be Shipper's waiver of its rights to dispute any monies due and owing relating to or caused by Broker or Broker's Carrier's error(s) or omission(s).

- e. Payment of Broker's invoices by Shipper shall not waive any right of Broker to contest any payment, for any reason, equitable principle, or rule of law, provided however that Broker shall make diligent efforts to discover such disputes in a timely manner and notify Shipper of any such dispute within thirty (30) days of discovery by Broker.
- f. On any charges where approval has been requested in writing for lawfully valid charges and the Shipper has failed to respond, after three attempts without response, the charges will be considered approved and the Broker will invoice and collect payment on said charges in the same manner as if the charges had been approved in writing.
- g. Any and all disputes for any charges must be submitted to Broker within 30 days of the date of invoice. Broker will not accept any disputes after the expiration of the dispute period. Shipper waives and releases any disputes to charges that it fails to submit within the 30 day dispute period. .
- h. The provisions of this Section 6 shall survive the cancellation, termination or expiration of this Agreement.

8. LIEN

Broker shall have a lien on any shipment, or portion thereof, transported under this Agreement, until receipt of full freight payment.

9. FREIGHT LOSS AND DAMAGE

- a. Broker shall have no liability, to any party, for the loss, damage, or delay in delivery, or any part thereof, unless Broker was the sole proximate cause of such loss, damage, or delay. In cases where Broker is found to be the sole proximate cause of the loss, damage, or delay, the maximum liability of Broker for any loss, delay, or damage will not under any circumstances exceed \$100,000 per shipment. Similarly, the liability of Broker's Carriers for any loss, delay, or damage to a shipment will not under any circumstances exceed \$100,000 per shipment. Shipper expressly acknowledges that it agreed to the transportation of Shipper's cargo at a reduced rate and reduced liability structure in lieu of higher rates associated with full actual loss under 49 U.S.C. section 14706, and that Shipper has knowingly and voluntarily agreed to ship the product under the liability limitations set out in this Section. Shipper acknowledges that full "actual loss" coverage commensurate with 49 U.S.C. section 14706 at a higher level of freight rate is available from Broker and Broker's Carriers upon request and upon execution of a special written agreement.

A special written agreement under this provision must be executed by a duly authorized signatory of both parties at least twelve (12) hours prior to scheduled pick-up. A driver is not an authorized representative of Broker or Broker's Carrier and the bill of lading is not a "special written agreement". IN NO EVENT SHALL BROKER OR ANY OF BROKER'S CARRIERS BE LIABLE FOR INDIRECT, SPECIAL, CONSEQUENTIAL OR PUNITIVE DAMAGES OF ANY KIND, REGARDLESS OF WHETHER THOSE DAMAGES WERE FORESEEABLE AT THE TIME OF THE SHIPMENT.

- b. Shipper shall submit a written claim to Broker and Broker's Carrier for loss, damage or non-delivery of any shipment within nine (9) months after delivery of such shipment, or if non-delivery of any shipment tendered to Broker for delivery to Shipper occurs, Shipper shall submit a claim within nine (9) months after reasonable time for such delivery has elapsed. Shipper's failure to identify the exact value of a claim shall be a valid reason for deULSIInation by Broker's Carrier.

- c. Any action at law to recover for loss, damage or non-delivery shall be instituted against Broker and/or Broker's Carriers not later than two (2) years after written deULSIInation of claim has been delivered to Shipper.
- d. While Broker may make reasonable efforts to assist Shipper with the claims process, Broker shall be under no obligation to take any action whatsoever on freight loss and damages claims where Broker is not the sole proximate cause. Shipper shall be solely responsible for submitting loss and damage claims to Broker's Carriers, although Broker maintains the right to do so at its sole discretion. In the event Shipper fails to submit a loss or damage claim to Broker's Carriers, its actions shall be construed to waive its rights with respect to Broker and any claim pertaining to Broker's liability hereunder.
- e. Shipper shall not agree with any other person or entity to any limitation on liability for loss, damage or non-delivery, inconsistent with the terms of this Agreement, without the express prior written consent Broker, and any such limitation not expressly agreed to by Broker, including, without limit, if found in any document or Purchasing Contract, shall be null and void. To the extent Shipper inadvertently or otherwise ships products which are later deemed subject to a limitation on liability, Shipper shall be solely responsible for the difference between the agreed limitation herein and any such limitation amount.
- f. Shipper and Broker, on behalf of themselves and Broker's Carriers and all those tendering freight through Shipper, hereby waive any rules and regulations found in 49 U.S.C. 14706 or Title 49 of the United States Code, and, more specifically, 49 C.F.R. Part 370, to the extent that such rules and regulations conflict with this Agreement.
- g. The provisions of this Section 8 shall survive the cancellation, termination, or expiration of this Agreement.

10. RECOVERY OF CHARGES AND OVERCHARGES

- a. Any claims by Shipper its designated consignee, or any party acting on behalf of the Shipper to recover overcharges shall be filed with Broker not more than one hundred eighty (180) days after Shipper's receipt of Broker's original invoice with respect to which such charge(s) are claimed due. Expiration of such one hundred eighty (180) day period shall be a complete and absolute defense against any such claim, absent any extenuating or mitigating circumstances of any nature.
- b. Any civil action by Shipper, its designated consignee, or any party acting on behalf of the Shipper to recover overcharges hereunder shall be commenced not more than one (1) year after receipt of the shipment by Shipper, or its designated consignee, with respect to which such charge is claimed due. Expiration of such one (1)-year period shall be a complete and absolute defense against any such claim.
- c. Shipper knowingly and expressly waives the filing periods found in 49 U.S.C. § 14705, where inconsistent with this agreement.
- d. The provisions of this Section 9 shall survive the cancellation, termination or expiration of this Agreement.

11. INDEMNIFICATION

Shipper agrees to indemnify, defend and hold Broker and Broker's Carriers harmless from and against any and all loss, actions, damages, expenses (including reasonable attorneys' fees and court costs), judgments, fines, rulings and claims of any type or kind brought by any person or entity for injury or death of persons and/or damage to property, to the extent proximately arising out of or in connection with (i) the actions to be performed or provided by the Shipper under this Agreement, (ii) Shipper's breach or default of any terms of this Agreement hereunder, (iii) Shipper's misrepresentation of any fact or claim within this Agreement or upon which Broker or Broker's Carrier has otherwise relied, and/or (iv) Shipper's failure to comply with any applicable Federal, State or local laws or regulations. The provisions of this Section 10 shall survive the termination, cancellation or expiration of this Agreement.

12. REFUSAL OF FREIGHT/DELAY IN DELIVERY

- a. Broker will use reasonable efforts to promptly notify Shipper by telephone facsimile, or other electronic medium of any (i) accidents, spills, theft, hijacking, delays, damages or shortages which may occur during the time any shipment is in Broker or Broker's Carrier's care, possession, custody and/or control and (ii) refused or "on-hand" shipment, or parts thereof, and request additional instructions from Shipper regarding delivery or storage of such shipment. Broker will endeavor to promptly advise Shipper in the event of delay in the carriage of any shipment, and provide Shipper a reasonable estimate of the delay in delivery anticipated.

- b. If any shipment is refused by the consignee thereof, or if Broker or Broker's Carrier is unable to deliver any shipment for any reason, the liability of Broker's Carrier as a warehousemen shall begin once it has placed the shipment in a public warehouse or other storage facility.

13. ASSIGNMENT, WAIVER, SEVERABILITY AND SURVIVAL

Neither this Agreement nor any right hereunder may be assigned by Shipper without the Broker's prior written consent. Broker reserves the right to assign this Agreement to its present and future subsidiaries, affiliates and parent companies. The waiver of any breach of, or default under, or the failure to enforce any provision of this Agreement shall not be deemed as a waiver of any subsequent breach or default. No waiver of any provision of this Agreement shall be valid unless made in writing and signed by the waiving party. If any part of this Agreement is determined to be invalid or illegal by any court or agency of competent jurisdiction, then that part shall be limited or curtailed to the extent necessary to make such provision valid, and all other remaining terms of this Agreement shall remain in full force and effect. The expiration or termination of this Agreement shall not affect the Section and the rights and obligations set forth herein, which either (a) state or evidence the intent of the Parties that the provisions survive expiration or termination, or (b) must survive to give effect to the provisions thereof.

14. FORCE MAJEURE

Neither Broker nor Broker's Carrier shall be liable in any manner or respect to any party for failure to perform any of the services set forth in the Agreement that are as a result of any cause not within its/their control, including without limitation, acts of God, wars, revolutions, civil disturbances or other disorders, strikes, ordinances, laws or governmental action (each, a "Force Majeure Event"). If a Force Majeure Event lasts for a period of more than thirty (30) days, then either Party may terminate this Agreement without any further obligation except for the payment of any valid charges due to Broker or Broker's Carriers for services provided prior to the date of termination.

15. ENTIRE AGREEMENT AND AMENDMENT

This Agreement constitutes the complete and exclusive agreement between the parties in regard to the subject matter herein, and supersedes any and all prior and/or contemporaneous agreements, contracts, correspondence, communications or term sheets, whether oral or in writing. This Agreement may not be modified or amended unless such modifications or amendments are made in writing and signed by Shipper and Broker. All modifications or amendments shall be numbered consecutively, beginning with the number one ("1").

16. NO SOLICITATION/NO HIRE

Shipper agrees not to solicit for hire or hire any of Broker's employees or agents whose identity is known to Shipper during the Term hereof and for a period of twelve (12) months from the expiration or termination of this Agreement unless otherwise agreed to in writing by Broker.

17. HEADINGS

The headings for the various Sections herein are for reference only and are not part of the Agreement.

18. DISPUTE RESOLUTION

Prior to the commencement of litigation, the parties will attempt in good faith to resolve any controversy promptly by negotiations between executives of the parties (if appropriate, with their respective counsel).

19. APPLICABLE LAW AND WAIVER OF JURY TRIAL

IRRESPECTIVE OF ANY CONFLICTS OF LAW PRINCIPLES, THIS AGREEMENT SHALL BE DEEMED TO HAVE BEEN EXECUTED IN, AND SHALL BE CONSTRUED SOLELY UNDER APPLICABLE FEDERAL LAW AND THE LAWS OF THE STATE OF MICHIGAN. THE PARTIES AGREE THAT ALL CLAIMS AND DISPUTES ARISING IN CONNECTION WITH THIS AGREEMENT SHALL BE ADJUDICATED EXCLUSIVELY IN THE MICHIGAN STATE OR FEDERAL COURTS, AND CONSENT TO THE JURISDICTION OF SUCH COURTS, ACKNOWLEDGE THAT VENUE IS PROPER THEREIN, AND WAIVE ALL OBJECTIONS THERETO. IN ADDITION, THE SHIPPER KNOWINGLY AGREES TO WAIVE ITS RIGHTS TO A TRIAL BY JURY IN REGARD TO ANY CLAIM OR ACTION RELATING TO THIS AGREEMENT, ITS ENFORCEMENT, OR A PARTY'S RIGHTS AND OBLIGATIONS HEREUNDER.

The PURCHASER OF CARRIER'S SERVICES must arrange for the transportation of equipment before and/or after transportation by CARRIER, and CARRIER is not a party to or liable for any portion of such arrangements. A copy of this tariff is available to the PURCHASER OF CARRIER'S SERVICES upon request and is available on Universal's website.

For any shipments involving carriage within the United States of America where the Interstate Commerce Act (including the Carmack Amendment, 49 U.S.C. § 14706), Interstate Commerce Commission Termination Act, or any related statutes would otherwise be applicable, the terms of this Item shall continue to be construed as a contract for specified services provided under specified rates and conditions pursuant to 49 U.S.C. § 14101(b). The parties hereby expressly waive any and all rights and remedies under the Interstate Commerce Commission Termination Act and Interstate Commerce Act (the "Acts") as amended, and regulations promulgated thereunder, including Part B of Subtitle IV Interstate Transportation, 49 U.S.C. § 13101, et seq. including application of 49 U.S.C. § 14706. No Party shall challenge any provision of this Contract on the ground that any such provision or provisions violates the waived rights and remedies under the Acts.

PURCHASER OF CARRIER'S SERVICES expressly acknowledges and agree that the rights and liabilities of the parties are to be determined exclusively pursuant to the terms and conditions of this Contract. Liability and damages with respect to any claims for freight loss or damage shall be determined exclusively pursuant to the terms and conditions of this Contract. Consistent with this provision, PURCHASER OF CARRIER'S SERVICES hereby knowingly and voluntarily waives any and all claims for common law and/or equitable indemnification that it has or may have under state, federal or international law arising from or related to any freight loss, damage or delay claims against CARRIER.

By placing freight with us for transportation, PURCHASER OF CARRIER'S SERVICES agrees to abide by and be bound by the terms set forth in this Contract, and represent and warrant that PURCHASER OF CARRIER'S SERVICES has fully read the terms and conditions contained herein.

Except where there is a statute of compulsory applicability, with terms that cannot be modified by private contract, the sole remedy against CARRIER available for any loss or damage to cargo shall be a claim for breach of this contract. PURCHASER OF CARRIER'S SERVICES (and all parties tendering freight through the PURCHASER OF CARRIER'S SERVICES) expressly waives and releases any other claims it has or may have against CARRIER arising from or related to any intermodal transportation of cargo, specifically including but not limited to, any claim for freight loss or damage.

This Contract is intended for the sole benefit of CARRIER and the PURCHASER OF CARRIER'S SERVICES. Nothing contained in this Contract is intended or may be construed to give any person, firm, corporation or other entity, other than the signatories hereto, or their permitted successors or assigns, any legal or equitable right, remedy or claim under this Contract. 4270. CLAIMS-FREIGHT LOSS AND DAMAGE

- A. Subject to the provisions of this Contract, CARRIER shall be liable only to PURCHASER OF CARRIER'S SERVICES for loss or damage to freight occurring while in transit. CARRIER's liability to PURCHASER OF CARRIER'S SERVICES shall be limited to the actual value of freight lost or damaged by the negligent or willful conduct of CARRIER. For purposes of this Contract, "actual value" shall be construed to mean the manufacturing cost of the lost or damaged freight, or \$.60 a pound, whichever is less. While CARRIER is performing contract carriage under 49 U.S.C. 14101(b), CARRIER shall be entitled to raise all defenses that would otherwise exist under Carmack Amendment to the Interstate Commerce Act, 49 U.S.C. 14706, including preemption of state-law claims. And CARRIER shall not be liable for any loss, damage, injury to, or delay of a shipment caused by an Act of God, the public enemy, the authority of law, the inherent vice of the goods, or the act or default of the shipper, the acts or omissions of any other party or their agents; failure to comply with CARRIER'S loading instructions; illegal acts; weather conditions; riots; labor strikes; public unrest; or when the freight is not in CARRIER'S exclusive possession.
- B. As a condition precedent for filing suit and any recovery, claims for freight loss, damage, or delay must be filed in writing by the PURCHASER OF CARRIER'S SERVICES with the CARRIER within nine months of the date of delivery, or date of scheduled delivery, whichever date is earlier. Claims must conform to the requirements of 49 CFR 370.3, and must: identify the shipment involved, assert liability for a specified amount of money, and be supported by copies of the bill of lading and delivery receipt. The time limit within which PURCHASER OF CARRIER'S SERVICES must institute suit against CARRIER to recover on a claim filed pursuant to this Section shall be two years and a day from the date PURCHASER OF CARRIER'S SERVICES receives a written disallowance of such claim from CARRIER.
- C. Claims for concealed freight loss or damage, including freight transported in sealed containers and/or involving a claim for seal tampering, must be reported to the CARRIER within 48 hours after delivery, and CARRIER must have an opportunity to inspect such shipments within 48 hours after receiving such a request.
- D. CARRIER has extended to the Purchaser of its services a discounted freight rate in exchange for the Purchaser of its services agreeing to limit CARRIER'S liability for freight loss, damage or delay to no more than \$100,000 per shipment, regardless of the quantity or quality of freight. As set forth in the subsequent paragraph, PURCHASER OF CARRIER'S SERVICES acknowledges that greater "actual loss" coverage commensurate with 49 U.S.C. section 14706 at a higher level of freight rate is available from CARRIER upon request and upon compliance with all requirements of Section 4270(E). PURCHASER OF CARRIER'S SERVICES represents and warrants to CARRIER, as a material term of this Contract, that PURCHASER OF CARRIER'S SERVICES has the requisite authority from all persons or companies tendering freight on PURCHASER OF CARRIER'S SERVICES's behalf under the terms of this Contract to agree to the terms of this limitation and that PURCHASER OF CARRIER'S SERVICES has provided these persons and companies with notice of this limitation and the opportunity to ship freight under alternative liability terms.

- E. CARRIER offers to PURCHASER OF CARRIER'S SERVICES the right and ability to hold CARRIER liable under 49 U.S.C 14706 for the full value of any and all freight hauled by CARRIER, in exchange for a higher freight rate, subject to the following conditions:
- (i) At least 7 business days prior to the releasing the freight for transportation, the PURCHASER OF CARRIER'S services must request in writing via directed to an authorized officer of CARRIER (which shall not include any driver transporting freight for CARRIER) requesting that CARRIER transport specifically identified freight subject to full liability for the value of the freight. At least three business days prior to the shipment, CARRIER will provide the Purchaser of its services with a freight rate for the transportation of the identified and valued freight; and
 - (ii) At least 2 business days prior to releasing the freight, the PURCHASER OF CARRIER'S services must acknowledge and accept in a writing directed to an authorized officer of CARRIER (which shall not include any driver transporting freight for CARRIER) the freight rate offered by CARRIER pursuant to paragraph (i); and
 - (iii) The PURCHASER OF CARRIER'S services must place the following notation on the bill of lading: "This shipment subject to full liability under 49 U.S.C. 14706."
 - (iv) In addition to the foregoing requirements, if the PURCHASER OF CARRIER'S SERVICES desires to tender a shipment requiring CARRIER liability in excess of \$100,000.00, the PURCHASER OF CARRIER'S SERVICES must indicate in writing on the bill of lading at the time of shipment the total dollar amount of excess coverage requested. The maximum excess liability is \$900,000 per shipment, for a total of \$1,000,000.00.
 - (v) CARRIER will assess an additional charge of \$150.00 for every \$100,000.00 in value up to a maximum of \$900,000.00 in additional coverage. Minimum charge of \$150.00. Such charge is in addition to the freight charges otherwise accruing to the shipment.
 - (vi) Failure to comply with all the above stated conditions will be deemed a waiver of any request for CARRIER'S full liability.
- F. **CARRIER SHALL NOT UNDER ANY CIRCUMSTANCES BE LIABLE FOR SPECIAL, CONSEQUENTIAL, PUNITIVE, OR INDIRECT DAMAGES OF ANY KIND ARISING FROM FREIGHT LOSS, DAMAGE OR DELAY, REGARDLESS OF NOTICE.**
- G. PURCHASER OF CARRIER'S SERVICES shall not dispose of, and shall not permit the disposal of, any damaged product without the prior written consent of CARRIER. CARRIER and PURCHASER OF CARRIER'S SERVICES may jointly determine whether the goods may be salvaged, and if salvageable, the value of such salvage. While awaiting inspection by CARRIER, the PURCHASER OF CARRIER'S SERVICES shall hold the packaging of the freight and its contents in the same condition they were in when damage was discovered. In the event CARRIER decides that salvage will be neither sought nor allowed, then such goods shall be destroyed and PURCHASER OF CARRIER'S SERVICES will provide, upon request, a certificate or statement confirming the destruction of such goods. Any salvage receipts shall be credited against PURCHASER OF CARRIER'S SERVICES claim, in partial satisfaction of its claim against CARRIER.
- H. If CARRIER receives a full truckload shipment that has been loaded, counted and properly sealed by the shipper, CARRIER will not be held responsible for shortages if: (1) CARRIER's driver indicates on the bill of lading the shipment is "SL&C", (2) the shipper's seal number(s) are noted on the bill of lading, (3) the trailer is delivered with original seal(s) intact.
- I. If CARRIER is the prevailing party on a cargo claim under this Section, in a court of law or arbitration proceeding, CARRIER shall be entitled to recover all of its expenses incurred in collecting its claim, including reasonable attorneys' fees, costs and interest from the date of delivery or scheduled delivery of the shipment. Notwithstanding the foregoing, if applicable state law imposes an obligation of mutuality, each party shall bear its own attorneys' fees and costs.
- J. PURCHASER OF CARRIER'S SERVICES agrees that it, and any other person or entity tendering freight to CARRIER on PURCHASER OF CARRIER'S SERVICES's behalf, are expressly prohibited from withholding payment of charges due to CARRIER and/or engaging in self-help in any kind. This shall expressly include, without limitation, attempts to offset, recoup, or otherwise elect not to pay charges due and owing to CARRIER. Should PURCHASER OF CARRIER'S SERVICES, or any other person or entity tendering freight to CARRIER on PURCHASER OF CARRIER'S SERVICES's behalf nonetheless withhold payment or engage in self-help of any

kind, CARRIER shall be entitled to indemnification from PURCHASER OF CARRIER'S SERVICES of all costs, fees (including attorneys' and expert-witness fees), expenses, and disbursements of any kind that are incurred due by CARRIER in any way related to the withholding of payment and/or self-help. CARRIER shall also be entitled to receive interest on the withheld amount, beginning on the original due date and continuing until full payment of all principal, fees, and costs, at a rate of 25% per annum (compounded annually), or the maximum interest rate authorized by applicable law, whichever is less and a late fee of 25% of the principal amount due. Cargo claims will be denied if freight charges for subject shipment are not paid or claimant account receivables are not current.

- K. In addition to the terms of the above Item 4270(E), CARRIER'S liability for loss or damage to any commodities for which the freight charges are determined by NMFC Class or Class Exception Ratings including FAK (Freight All Kinds) ratings is limited to the lesser of:
- (i) Invoice value of the commodities damaged or lost;
 - (ii) Limited liability provisions of the bill of lading (CARRIER's standard liability limits); or
 - (iii) Applicable limited liability provisions/released value provisions of the NMFC subject to the maximums by NMFC Class or Class Exception Rating as shown above in this Item, unless a higher value is declared on the original bill of lading and additional charges are paid pursuant to provisions contained in this Contract.
- L. CARRIER reserves the right to not assume higher liability limits than its standard limits.
- M. In addition to the above limits, CARRIER's entire liability for damages and shortages in any way related to movement of freight shall not exceed the greater of the shipping charges for the shipments involved or ten (10) percent of the debtor's total freight charges for the immediately preceding twelve (12) months.

Notwithstanding the consignor's primary payment responsibility, both consignor and the consignee are liable for payment of the CARRIER'S freight charges considering that the PURCHASER OF CARRIER'S SERVICES, consignor, and the consignee receive the benefit of the CARRIER'S services. - (6) If a shipment is required to be prepaid, it will be accepted on a collect basis if the consignor has established credit with the CARRIER picking up the shipment at origin and the consignor guarantees to pay the charges if the PURCHASER OF CARRIER'S SERVICES fail to do so within the time allowed under the credit policy. Such a shipment will not be accepted as a collect shipment if the consignor executes Section 7 of the Bill of Lading.
- (7) CARRIER shall have 3 years from the date of shipment to file a claim with the consignor, consignee, and/or PURCHASER OF CARRIER'S SERVICES for undercharges or other charges in addition to its original freight charges. The consignor, consignee, and/or PURCHASER OF CARRIER'S SERVICES shall have 30 days from the date the original freight bill and all supporting documentation was received to file a claim with CARRIER for overcharges, except that claims resulting from duplicate payments may be filed by PURCHASER OF CARRIER'S SERVICES at any time.
